| City Council / LRA Agenda & Reports | The City Council/LRA Board agenda is posted pursuant to the California Brown Act, which only requires these agenda title pages to be posted near the entrance of the location where the meeting is to be held and, when available, on the City’s website. Additional documents may be provided by the City in its efforts of transparency to keep the public well informed. The agenda packet (agenda plus supporting documents) are posted for public review at the City Clerk's Office, 6707 Third Street, Riverbank, CA and at [www.riverbank.org](http://www.riverbank.org) upon distribution to a majority of the City Council/LRA Board. A subscription to receive the agenda can be purchased for a nominal fee through the City Clerk’s Office. |

| Public Hearings | In general, a public hearing is an open consideration within a regular meeting of the City Council/LRA Board, for which special notice has been given. During a specified portion of the hearing, any interested party is invited to present written or oral protests or support for the subject matter under consideration. Written testimony sent or delivered to the City Clerk must be received no later than 5:00 p.m. on the day of the meeting to allow for distribution to the City Council/LRA Board. Preparations for the meeting are conducted between 5:00 p.m. and 6:00 p.m. and therefore the City Clerk is not available during this time. |

| Written Public Comments | Anyone wishing to provide written public comments may do so prior to 5:00 p.m. of the day of the meeting to allow for distribution to the City Council. Comments must specify what agenda item they are referring to. Comments will become part of the record, however, they will not be read aloud at the meeting. |

**RECOMMENDATION**

It is recommended that the City Council / LRA Board approve the waiver of readings of any proposed ordinances and resolutions for consideration, except by title.

**SUMMARY**

In lieu of reading the entire text of a proposed ordinance or resolution that is introduced for consideration for adoption and approval, by majority vote, the City Council may waive the reading of the text and introduce the ordinance or resolution by title only for the record.

The proposed ordinances and resolutions, and any related documents that are part of the agenda packet, are available for review by the public on the City’s website and in the City Clerk’s office at City Hall (North) upon distribution to a majority of the City Council; typically 72 hours prior to the scheduled date and time of the meeting.

RECOMMENDATION

It is recommended that the Riverbank City Council adopt the attached resolution authorizing the Stanislaus County Public Health Officer, per section 101460 of the California Health and Safety Code, to be appointed as the City of Riverbank Public Health Officer.

SUMMARY

The Stanislaus County Public Health Officer (Currently Dr. Julie Vaishampayan) has been performing the task of Public Health Officer to the unincorporated areas and nine cities within Stanislaus County without a formal agreement. In order to comply with the required State regulations it is necessary that each city in Stanislaus County adopt a resolution giving the Stanislaus County Health Officer the authority to perform in this capacity.

BACKGROUND

The Stanislaus County Public Health Officer has provided and continues to provide public health services to the entire County. The Stanislaus Public Health Officer has agreed to provide Riverbank with public health services pursuant to the State of California Health and Safety Code section 101375 upon the adoption of a resolution or ordinance by the Riverbank City Council. The resolution presented will authorize the Stanislaus Public Health Officer to continue to provide services on a daily bases and more importantly during any health emergency or disaster in the City of Riverbank.

The Health and Safety Code section 101380 provides that such services will begin the first day of July upon notice of adoption of a resolution by the City to the County by the first day of March. However, the Stanislaus Public Health Officer is willing to begin providing services to Riverbank thirty (30) days after receiving notice of the City’s adoption of the resolution delegating public health office duties to the County’s Public Health Officer.
STRATEGIC PLAN

The adoption of this resolution will aid in the health and safety of the City.

FINANCIAL IMPACT

No fiscal impact to the City at this time.

CITY OF RIVERBANK

RESOLUTION

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RIVERBANK, CALIFORNIA, AUTHORIZING THE APPOINTMENT OF THE STANISLAUS COUNTY PUBLIC HEALTH OFFICER AS THE CITY OF RIVERBANK PUBLIC HEALTH OFFICER

WHEREAS, pursuant to Section 101460 of the California Health & Safety Code, every governing body of a city shall appoint a health officer; and

WHEREAS, pursuant to Section 101375 of the California Health & Safety Code the Riverbank City Council may consent by resolution to appoint the Stanislaus County Health Officer to serve as Health Officer for the City of Riverbank; and

WHEREAS, the City of Riverbank desires to reaffirm its delegation of authority to the Stanislaus Public Health Officer in the form of a resolution; and

WHEREAS, the Stanislaus Public Health Officer will be authorized to provide health services, guidance, and assistance for the City of Riverbank. The Public Health Officer will be authorized to enforce all health and sanitation laws, and implant the health and safety regulations required by the State of California; and

WHEREAS, the Stanislaus Public Health Officer will provide services during an emergency or disaster, like enforced isolation or quarantine, and declare if needed a local health emergency for the City of Riverbank; and

WHEREAS, the Stanislaus County Public Health Officer agrees to provide Riverbank with public health services pursuant to Health and Safety Code section 101380. Although the Health & Safety Code 101380 provides that such services will begin the first day of July upon notice of adoption of a resolution by the City to the county by the first day of March; the Stanislaus County Public Health Officer agrees to begin providing services to the City of Riverbank thirty (30) days after receiving notice of the City’s adoption of the resolution; delegating public health office duties to the Stanislaus County’s Public Health Officer.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Riverbank grants to the Stanislaus County Public Health Officer authority to enforce and assist with all the State and local regulations related to the public health in and for the City of Riverbank.

Re: County Public Health Officer

Dear Mr. Scully,

As you know, the Public Health Officer provides services to the unincorporated areas of the County, and has also provided the same services to the cities, such as isolation of people with infectious tuberculosis. The Public Health Officer has provided and continues to provide guidance to the cities for common public health issues.

To provide services during an emergency or disaster, like enforced isolation or quarantine, a declaration of a local health emergency for the city may be needed. To declare a public health emergency on behalf of your city and provide emergency public health services a formal agreement or resolution is required by the Health and Safety Code.

The Public Health Officer is willing to provide Riverbank with public health services pursuant to Health and Safety Code (HSC) section 101380 upon adoption of a resolution or ordinance by the City of Riverbank. HSC section 101380 provides that such services will begin the first day of July upon notice of adoption of a resolution by the City to the County by the first day of March. However, the Public Health Officer is willing to begin providing services to Riverbank thirty days after receiving notice of the City’s adoption of the resolution delegating public health office duties to the County’s Public Health Officer.

Please let me know if you have any further questions about this, or if I can be of help in any way.

Sincerely,

Julie Vaishampayan, MD, MPH
Public Health Officer

RIVERBANK CITY COUNCIL AGENDA ITEM NO. 6.1

SECTION 6: NEW BUSINESS

Meeting Date: February 12, 2019

Subject: Consider a Resolution to Approve the Waiver of Storm Drain System Development Fees for the NNN Retail Development / Dollar general Project Located at 5842 Roselle Avenue

From: Sean Scully, City Manager

Submitted by: Donna M. Kenney, Planning and Building Manager

RECOMMENDATION

It is recommended that the City Council consider the petition from NNN Retail Development to waive payment for the Storm Drain System Development Fee which will be assessed on the construction of the Dollar General Project at permit issuance.

SUMMARY

NNN Retail Development submitted a written request (Attachment 2) to waive payment for their Storm Drain System Development Fee, which will be assessed on the construction of the Dollar General Project. There is currently no administrative process to consider waiver requests at staff level and therefore, the request has been brought forward to the City Council for consideration.

BACKGROUND

The City currently collects System Development Fees at Building Permit issuance to defray the impact of new development as authorized by Government Code §66000-66025. The City’s System Development Fee program is codified in §150.30 titled “System Development Fees” which establishes the authority for imposing and charging the fees. System Development fees are collected in order to:

1) To provide an adequate and constant method for the financing of the unfunded portion of need systems development costs throughout the city, reasonably related to projected community growth.
2) To promote the orderly and efficient expansion of public improvements to adequately meet the domestic and economic needs of the community and to minimize adverse fiscal and environmental impacts of new development.

3) To ensure the continuation of necessary services including, but not limited to, police and general administrative services.

4) To establish equitable methods for minimizing public facility and service costs to the city associated with new development.

As defined within Riverbank’s municipal code, System Development Fees are **charged to new construction, including the expansion of and/or the addition to an existing, nonresidential structure, to mitigate the unfunded portion of the determined impact of the development.**

On January 24, 2019, the City received a request from NNN Retail Development to waive the Storm Drain System Development Fee for the project. This project, Dollar General, will be assessed the following estimated System Development Fees for the project on their Building Permit:

<table>
<thead>
<tr>

<td><strong>$134,583.00</strong> total City fees</td>

</tbody>
</table>

For this proposed waiver, the payment at building permit issuance would include the Water fee, Waste Water fee, Police/General Government fee, 5% Administrative Fee, and all the normal permit fees plus the fee staff collects for Stanislaus County. This waiver would apply only to Riverbank’s Storm Drain System Development Fee. It does not include any plan check fees or fees imposed by any other agency such as the fire district, the school district, or the County. NNN Retail Development has the ability to negotiate with the other agencies to waive or defer their fees.

**ANALYSIS**

The City Manager and Planning and Building Manager analyzed the request received from NNN Retail Development. An evaluation of the potential impacts of this project was considered and the following determinations were made:
1) By allowing a portion of the fees to be waived, it makes the financing of the project easier for the developer and they can focus their resources on undergrounding electrical lines and extending the fire line under Roselle Avenue.
2) The design of the site includes a large storm water retention pond (with additional land for expansion) that will allow the developer to contain all storm water on site.

Based on the analysis performed, staff has determined that due to the recovering economy and the additional expense of bringing utilities under Roselle Avenue, it is recommended that the City Council consider a waiver of the Storm Drain System Development Fee to encourage construction and thereby, job growth, a public benefit. The developer/property owner will be bringing a retail use to a neighborhood that currently has to drive to other areas of the City to make retail purchases.

FUTURE CONSIDERATION

The City’s current System Development Fee (SDF) program does not provide an administrative process to consider the waiver of fees and/or negotiations for fee reductions. Staff encourages the City Council to consider adding an administrative process for the City Manager to be able to waive or defer fees under a set dollar amount. This would require direction from the Council for staff to return with an ordinance amendment.

FINANCIAL IMPACT

The System Development Fee program is designed as a mechanism to collect impact fees to build infrastructure necessary to support new growth City-wide. Careful evaluation of each proposed project is necessary to understand potential funding shortfalls which might be created as a result of granting waiver requests. In the case presented above, only the Storm Drain fee would be waived. Therefore, there is a financial impact of $37,259.95.

STRATEGIC PLAN

This item is indirectly related to the City’s Strategic Plan through fee program updates.

RE: Dollar General Project – 5842 Roselle Avenue, Riverbank, CA
Request for Waiver of the Storm Water Impact Fee

Dear Donna,

We would like to formally request to have our storm water impact fee in the amount of $37,259.95 waived by the City. We are making this request in order to make our project financially viable so that we can move forward with the purchase of the property and development of the new Dollar General. The reason we have zeroed in on the storm water impact fee is because the design of our site includes an on-site retention basin ("retention pond") along with catch basins and storm sewer lines all connecting to this retention pond that will allow us to contain all of our additional runoff completely on-site. Therefore, we will not be adding any additional capacity whatsoever to the city’s storm water system. Our rationale is simply for us not being required to pay for something that we won’t be using.

In addition, we want to point out that even after we exclude the storm water impact fee our overall total fee’s including all other impact fees for our project amount to over $142,000 (see attached). These fees along with needing to underground the electrical lines and the fire line from across Roselle Avenue make our project very challenging from a financial perspective.

We appreciate the City’s consideration and hope that you will find our request to be fair and reasonable.

Sincerely,

RIVERBANK CITY COUNCIL AGENDA ITEM NO. 6.2

SECTION 6: NEW BUSINESS

Meeting Date:        February 12, 2019
Subject:            Bid Award for 2019 Cheese & Wine Festival
From:               Sean Scully, City Manager
Submitted by:      Sue Fitzpatrick, Director of Parks and Recreation

RECOMMENDATION

It is recommended that the City Council review the bid results for the Contract for coordination of the 2019 Cheese & Wine Festival and give staff direction.

SUMMARY

The City Parks and Recreation Department sent out a Request for Proposal for the 2019 Cheese & Wine Festival in December, 2018 and bids were due January 2, 2019. The RPF was sent to 10 potential event coordinators.

The Director of Parks and Recreation will discuss the bids received and present four options for the City Council to consider. It is important for staff to receive direction so planning for the festival can begin. Once direction is received, a contract will be brought back to the City Council for approval.

BACKGROUND

The Parks and Recreation Department has overseen the Riverbank Cheese & Wine Festival for the past 5 years and has contracted with Chris Ricci Presents, Inc. to coordinate and promote the event. The event has been well attended, safe and financially stable.

This will be the 43rd year the festival has been held in Riverbank. The Chamber of Commerce administered the event for the first 29 years and the Riverbank Rotary Club for 8 years. The Community enjoys this event but some members of the community want the festival to be what it was 15-20 years ago when there were 300 vendors of high quality and higher attendance. This is a challenge as there are many more festivals now and vendors have more choices of which ones to attend. Last year, there were three to four other events on the same day as our festival. The City Parks and Recreation staff took over vendor coordination the past two years and did our very best to increase the number
and quality of the vendors. Vendor numbers were down this past year. The festival overall was a fun event and our evaluation was it was a success. The wine tasting tickets sales were up and many of our vendors were happy. Attendance was up and the event was safe.

A request for proposal was sent out in December for the coordination of the 2009 Riverbank Cheese & Wine Festival. The bids were due January 2, 2019. Out of the 10 proposals sent out, two were received. One bid was from Chris Ricci Presents, Inc. and one was from The Food Dude Catering/ Zachary Fisher.

After careful review of each proposal and an interview, it is recommended that the contract be awarded to Chris Ricci Presents, Inc. as he has the most experience with this size and type of festival.

The Options for City Council Consideration are as follows:

Option #1
Award the contract to Chris Ricci Presents, Inc. for $16,000. It would be expected that less time be required of City staff as the festival has been under this contract for the past 5 years. Staff will continue to be involved in vendor communication and placement.

Option #2
Discontinue the Cheese & Wine Festival. Even though the Parks and Recreation Department did their best in conjunction with Chris Ricci Presents, Inc. to save this event, it is unlikely that it can be what it was 15-20 years ago with the number and quality of vendors and overall magnitude of the event. There are too many festivals now that occur that were not in operation back then.

A new event could occur in downtown Riverbank that may be presented to the City Council for approval in the future. The funds in the Cheese & Wine account could be used as start up money for this new event.

Option #3
The City Parks and Recreation Department could run the event independently of a contract minus the Cheese & Wine component, which is the most important component of this event. This component could be offered to interested non-profit groups as a fundraiser. This option would require additional staff time and would need to be implemented for the October 2020 Cheese and Wine event.

Option #4
Allow the event to occur as a non-city event. Anyone wanting to take over the Festival would fill out a City Wide Special event application and if acceptable it would be approved. The City would not be involved other than providing permits and approvals. An alternative would be that the event could be sold to the highest bidder.
FINANCIAL IMPACT:

There should be no financial impact to the General Fund for this Festival. Over the past 5 years the event has been successful financially.

The total cost of the event has been averaging $100,000, which includes the event coordinator cost and all the subcontracts and expenses that occur in order to operate all components of the event. The revenue averages approximately $106,000.

STRATEGIC PLAN

This item supports our Mission Statement of *The City of Riverbank is committed to providing exceptional municipal services in a fiscally sound and professionally responsible manner for our community.*

RIVERBANK CITY COUNCIL AGENDA ITEM NO. 6.3

SECTION 6: NEW BUSINESS

Meeting Date: February 12, 2019
Subject: Sheriff Classification Change and Change to Riverbank Law Enforcement Services Contract
Submitted by: Sean Scully, City Manager

RECOMMENDATION

It is recommended that the City Council provide direction to the City Manager regarding the proposal presented by Stanislaus County relating to sharing of additional contract law enforcement costs to be incurred during the current law enforcement services contract.

Council could choose to provide direction in one of the following ways:

1. Direct City Manager to inform Stanislaus County that the City is in agreement with the cost sharing and flexible services proposal outlined in the CEO’s December 5th letter.

2. Direct the City Manager to inform Stanislaus County that the City is not in agreement with the proposal and is prepared to cover the entire increase in salary.

3. Any other alternate direction as dictated by the City Council.

SUMMARY

During the fourth quarter of 2018, City Management was notified by the Stanislaus Sheriff and CEO that the Stanislaus County Board of Supervisors would be considering adjustments to the salary schedules within the Sheriff’s Department. Specifically, the request considered by the Board of Supervisors was to implement changes to the classification and compensation structure within the Sheriff’s Department. While a number of positions are affected the primary driver for the change was relating to the Sheriff Deputy position. The Sheriff’s Department has struggled (like many law enforcement agencies in the San Joaquin Valley) during and after the recession in attracting and retaining sworn deputies. Highlighting the recruitment difficulties, the presentation to the Board of Supervisors indicated that Deputy Sheriff position vacancies have averaged between 18-20 months over the past year.
In order to address these staffing concerns the Board Considered and approved an additional Deputy classification, Deputy Sheriff II. Prior to this approval there was no journey level classification above the entry level Deputy Sheriff I position. The Deputy Sheriff II position will be compensated 10% above the entry level Deputy I position. In order to qualify for the Deputy Sheriff II position the Deputy must have a minimum of two (2) years’ experience as well as complete four core training courses. It is anticipated that the Deputy Sheriff II classification will allow Stanislaus County to be more competitive in retaining and attracting law enforcement officers.

Obviously the creation of this additional classification will create increased costs for law enforcement staffing. The CEO’s letter (attached) estimates that the additional costs for the balance of Fiscal Year 2018/2019 is approximately $111,567 and the estimated increase in cost over current forecasted budget for Fiscal Year 2019/2020 is approximately $228,165. The CEO indicates in his letter that these unexpected costs may present a financial burden to contract City’s. That being the case, the County has proposed to cover 50% of the increase in cost for the remainder of our law enforcement contract (estimated to be $55,783 in FY 2018/2019 and 114,082.50 in FY 2019/2020). In exchange for the County’s splitting of the increase with the City, the County has requested “additional flexibility in reassigning staff that normally work exclusively with the City to work in unincorporated areas, when necessary, to ensure staffing levels address critical needs throughout the County”. The letter indicates that this is not anticipated to be a frequent occurrence and the City would not be paying for Deputy’s salaries when if they are assigned outside of City limits. Staff has engaged in discussions with Chief Kiely about the practical implications of this proposed flexibility and have been informed that it is not anticipated to change Riverbank service levels in any noticeable or practical way.

The current contract with the Sheriff for law enforcement services is active until June 30, 2020. If Council provides direction to accept the County’s offer, staff will work to review any operational issues that may occur as a result of the agreement during the last 18 months of our law enforcement services contract.

Alternatively, if Council were to provide direction to decline the County’s offer the City’s current agreement would remain unchanged with the exception of a midyear budget impact of $111,567 and budget impact next fiscal year of $228,165. The budgetary impact of this direction would make hiring any additional deputies very difficult within the confines of our current and forecasted future budgets.

**FINANCIAL IMPACT**

If the Council provides direction to accept the County’s offer the total budgetary impact to the City of Riverbank for the current and next fiscal year is an increase in law enforcement contract expenditures of approximately **$169,865.50** ($55,783 in FY 2018/2019 and 114,082.50 in FY 2019/2020).

Alternatively if the Council provides direction to refuse the County’s offer the total budgetary impact to the City of Riverbank for the current and next fiscal year is an

Both options result in additional costs to the general fund as the general fund is the primary source of law enforcement funding.

STRATEGIC PLAN

One of the key components of the Strategic Plan is attract develop and retain quality staff. While not directly employed by the City of Riverbank the law enforcement contract with the Sheriff provide staffing for a Police Department that incorporate into the organization of the City of Riverbank.

December 5, 2018

Sean Scully, City Manager
City of Riverbank

Riverbank, CA 95367

Re: City of Riverbank Law Enforcement Services Contract

Dear Mr. Scully:

Thank you for attending the meeting held on November 20, 2018 to discuss changes which affect the current contract between the Stanislaus County Sheriff and the City of Riverbank for the provision of law enforcement services. As you know, the County is planning to present the Board of Supervisors with a plan to implement changes to our classification structure at the Sheriff's office. These changes will take effect January 5, 2019 and are expected to result in an increased cost for law enforcement services.

For the City of Riverbank, these additional costs are estimated at $111,567 for the balance of Fiscal Year 2018-2019 and $228,165 for Fiscal Year 2019-2020. This increased cost impact was communicated via a schedule sent to you on November 14, 2018. We recognize this could present a financial burden that may not be easy to absorb with the notice given. To assist in alleviating this burden, the County would like to extend an offer of assistance to the City of Riverbank to cover 50% of the additional cost impact disclosed through the remainder of the current contract. The County will provide $55,783.50 in Fiscal Year 2018-2019 and $114,082.50 in Fiscal Year 2019-2020. Both of these amounts are estimates and are subject to change as more accurate information becomes available. We will include this cost sharing strategy in our recommendations to the Board of Supervisors when the matter is planned for consideration on December 11, 2018.

These staffing decisions were made in part to address a high vacancy issue currently being experienced by the Sheriff's office. Much has been done to ensure that the high vacancy rate experienced in the Deputy Sheriff classification did not affect the level of contracted services provided to the City of Riverbank and services have been fully provided as agreed to in the current County/City contract. Moving forward, we seek your support in sharing in some of this vacancy impact. In exchange for the offer of assistance with the increased
contract costs, the County requests that the City support our need for additional flexibility in reassigning staff that normally work exclusively with the City to work in unincorporated areas, when necessary, to ensure staffing levels address critical needs throughout the County. It is not anticipated that this would occur often, and you would not be paying for labor costs if staff are assigned for full shifts outside of providing law enforcement services to the City of Riverbank. As is our current practice, we would not adjust the costs of the contract for brief periods of support that Deputy Sheriffs may deliver outside City limits providing mutual assistance with other Sheriff operations. That practice will remain the same, recognizing that Sheriff personnel routinely support one another in and around city limits to maintain the safety of our community.

The current high vacancy rate in operations makes it necessary for the County to ask for City support in providing this additional flexibility for the remainder of the current contract which ends June 30, 2020. Support for covering 50% of the additional costs related to this contract would be contingent upon the City’s agreement to allow for this additional flexibility. We acknowledge that some of the cities may not be interested in accepting the offer from the County and may instead decide to cover 100% of this cost increase and continue to require that law enforcement services be provided in full as listed in the contract. If this is the decision elected by the City, we ask that you inform us by January 11, 2019 so that the County may plan accordingly.

As always, we value the relationship and opportunity to partner with the City of Riverbank to provide law enforcement services. We recognize the value that is brought to the community by partnering for law enforcement services, which among many other things, bring a strong criminal activity deterrent. We look forward to continuing our partnership.

Sincerely,

Judy L. Hayes
