Meeting Date: May 14, 2019
Subject: Proclamation – National Bike Month May 2019
From: Sean Scully, City Manager
Submitted by: Cheryl Stefani, Human Resources Analyst

RECOMMENDATION

It is recommended that the City Council read the Proclamation for National Bike Month May 2019 and present to Chris Jasper with StanCOG, on behalf of Dibs.

SUMMARY

The month of May has been designated as National Bike Month by National, State, and local governments. Bicycling provides numerous benefits to communities and its residents. Bicycling is a healthy form of exercise, can be easily incorporated into a daily schedule, and serves as an example of a healthy lifestyle for children to emulate. Businesses in communities are increasingly becoming more aware of the benefits of encouraging employees to be more health conscious and are supporting the idea of commuting to work by providing bicycle parking. In addition to the physical advantages that bicycling provides for residents, the use of bicycles rather than vehicles helps reduce air emissions and improves air quality in the environment. Bicycling helps to combat traffic congestion by lessening the amount of cars on the road, decreases the deterioration of streets and road surfaces, and reduces overall noise. The City of Riverbank recognizes and supports National Bike Month May 2019, as well as Bike to Work Week, the week of May 13 – 19, 2019.

FINANCIAL IMPACT

There is no financial impact with the report.

RECOMMENDATION

It is recommended that the City Council consider the out-of-state travel request for Mayor Richard D. O’Brien to attend the U.S. Conference of Mayors 2019 Annual Meeting at the Hilton Hawaiian Village, Honolulu, Hawaii on June 27 – July 1, 2019.

SUMMARY

The U.S. Conference of Mayors (USCM) is a non-partisan organization of cities in which each city is represented by its Mayor. The annual meeting is held in the month of June in a different U.S. city and this year the host is Honolulu, Hawaii Mayor Kirk Caldwell with Columbia, South Carolina Mayor Steve Benjamin presiding. Conference members have the opportunity to speak on organizational policies and Mayors contribute to the development of national urban policy by serving on one or more of the standing committees. The role of these committees is to recommend policies they feel should be adopted by the organization, discuss, and then vote on each policy resolution. The policy positions adopted at the annual meeting are then disclosed to the President of the United States and to Congress.

FINANCIAL IMPACT

The City of Riverbank allocates training and travel budgets each year associated with City Council conferences, trainings and city business trips. Over the past number of years the Mayor of Riverbank has attended one of the two yearly US conference of Mayors. The approximate costs associated with the U.S. Conference of Mayors 2019 Annual Meeting include air travel, hotel accommodations, and conference registration:

This applies equally to the project which is completed in phases. A notice of completion must be filed within ten (10) days after the completion of each phase of the project to shield owner properly (CA Civil Code § 3117).

SECTION 4: UNFINISHED BUSINESS

Meeting Date: May 14, 2019

Subject: A Resolution Authorizing the City of Riverbank to Join the Stanislaus Urban County for the Purpose of Receiving Entitlement Funding from the Department of Housing and Urban Development (HUD) and to Authorize the City Manager to Execute the Agreement and Any Related Documents

Submitted by: Sean Scully, City Manager

RECOMMENDATION

It is recommended Council consider the attached proposed resolution which approves the City of Riverbank’s participation in the Stanislaus County Urban County, from July 1, 2020 to June 30, 2023 for purpose of receiving entitlement funding from the Department of Housing and Urban Development, and to authorize the City Manager to execute necessary documents associated with this approval.

SUMMARY

On a yearly basis Stanislaus County solicits the City of Riverbank’s interest in joining the Stanislaus Urban County HUD Entitlement Funding group. The group is currently made up of Ceres, Hughson, Newman, Oakdale, Patterson, Waterford and Stanislaus County. Traditionally the City of Riverbank has respectfully declined this invitation as the City has had its own internal active housing and grants program for many years. However, recent conditions and regulations have hampered the City’s ability to have an active housing division as it once had. On April 23rd the City Council conducted a workshop to discuss the current state of the housing division as well as the benefits and drawbacks of entering into the urban county program (a copy of that presentation is attached for reference).

As was outlined in the workshop, there are a variety of advantages and disadvantages to joining the Urban County program. The primary reason for consideration (at a Council level) is related to the housing division’s difficulty processing loans due to the HUD maximum purchase price limit of $284,000 under the HOME program. Inability to process loans creates issues with acquiring future grants as well as the requirement that program income (funds received from loan repayment) be spent prior to new grants being awarded. While overall, the City has been successful winning CDBG grants, the past cycles have not resulted in successful grant applications.
Discussion on Major Advantage and Disadvantage:

Guaranteed Yearly Allocation: Inclusion in the Urban County would result in Riverbank becoming entitled to a specific amount of funding which is allocated based on criteria developed directly by HUD. Although no specific yearly allocation has been forecasted for Riverbank by HUD yet, Stanislaus County has advised that a good comparative example would be the City of Oakdale due to similarity in population. Based on this analysis staff estimates the yearly allocation to be approximately $170,000 per year. These funds must be spent on public infrastructure and public facilities only. Community center upgrades, park improvements, ADA improvements, roadway safety upgrades are all examples of potential projects which could be funded by this revenue. Estimated revenues for the three year term of this agreement would be approximately $510,000.

Inability to Apply for Yearly Grant Funding: The most significant draw back to joining the Urban County is that the City will not be able to apply for CDBG grant funding during the three year term. This does not preclude the City from applying for grants from other sources of funding (CA State - HOME, SB1 grants, Prop 68 etc). If the City elects to join the Urban County the funds would be limited to the amount allocated, therefore the City may need to bank funds for more than one year to accomplish larger scale more expensive projects.

General Benefits and Drawbacks:

Benefits to Joining Urban County:
- Annual Guaranteed Allocation
- For Infrastructure/Public Facility Improvements Only
  - i.e. ADA Improvements, Community Center Phase II (kitchen)
- Administration Funds included to reimburse for staff time
- Can continue using program income for housing projects
- Can apply for HOME Grant funds for Housing Programs

Drawbacks:
- Can no longer apply for CDBG Funding from HCD
  - Limit the number of projects the City can perform
- May need several years to accumulate funds for larger projects
- Inconsistent funding for Housing Programs (Homebuyers & Rehab)
- Must continue to monitor old housing program loans with no admin funds from new grants to offset.

Since the City of Riverbank has had a long standing and successful housing program, the loan portfolios ($3.95M CDBG and $6.06M HOME) will continue to provide housing loan/rehab opportunities for residents in the future. However, the availability of those funds will be dependent on future payoffs of current loans. Because of the variability of those potential payoffs it is very difficult to forecast how much funding would be available
year to year. It is likely that overall less funding would be available for home/rehab loans depending on CDBG loan repayments.

Conclusion:

The key consideration of this opportunity centers on weighing the benefits of a yearly guaranteed allocation versus the potential of future CDBG grant awards. While the potential upside of large scale CDBG grant awards is considerable, there is no guarantee that the City would be successful in these highly competitive grant applications. A yearly allocation would allow for more strategic project planning but the projects would likely be slightly smaller in scale than a large scale CDBG grant award.

Due to the limited term of the agreement (3 years) the exposure to this decision is limited by that timeline. In other words, if Council chose to enter into the Urban County program staff could evaluate the actual benefits of the program and at the end of the agreement the City could choose to continue with the program or exit the program and return to the original configuration. If the City chooses to enter into the Urban County the City would still be responsible for long term monitoring of the portfolio (with limited administration funds).

SUBJECT: PARTICIPATION IN THE STANISLAUS URBAN COUNTY

Dear Mr. Scully:

Every three years current participating cities, as well as nonparticipating cities, have an opportunity to enter into an agreement to become a part of a qualified "Urban County" for the purpose of being eligible to receive U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) entitlement funds. The next three year program cycle for the Stanislaus Urban County covers July 1, 2020 to June 30, 2023.

The current Stanislaus Urban County members are the cities of Ceres, Hughson, Newman, Oakdale, Patterson, Waterford, and Stanislaus County. The cities of Modesto and Turlock are each, in their own right, HUD entitlement jurisdictions and accordingly do not qualify to join the Stanislaus Urban County. The City of Riverbank is not a participant, but is qualified to join the Stanislaus Urban County.

Please note that members are not eligible to apply for grants under the State CDBG program while they are part of the Stanislaus Urban County and, that in becoming a part of the Stanislaus Urban County, they automatically participate in the HOME Investment Partnership Program (HOME), administered by the City of Turlock, and Emergency Solutions Grant (ESG) programs. While members may only receive a formula allocation under the HOME and ESG programs as part of the Stanislaus Urban County, members are not prohibited from applying for HOME or ESG funds directly from the State, if the State allows.

The purpose of this letter is to request your submittal of a Letter of Intent stating your cities desire to continue, join, or request exclusion from the Stanislaus Urban County. Your response must be received no later than April 30, 2019 and will be forwarded to HUD. A notice of qualification from HUD is anticipated to be supplied in early October 2019.

For those wishing to participate, Cooperation Agreements covering the next three year program cycle have been enclosed for your review. Cooperative Agreements must be executed by your authorized governing body and returned to the Stanislaus County Planning Department, along with a formal resolution, no later than June 3, 2019.

Thank you for your attention to this matter. Please contact me, or Ana San Nicolas, if you have any questions regarding this request.

Sincerely,

Angela Freitas
Director

COOPERATION AGREEMENT

THIS AGREEMENT, entered into this ______ day of ____, 2019, by and between the CITY OF _____________, hereinafter referred to as “City”, and COUNTY OF STANISLAUS, hereinafter referred to as “County.”

WITNESSETH

WHEREAS, the City is a duly constituted municipal corporation under the laws of the State of California, and is empowered thereby to undertake essential community development and housing assistance activities, specifically urban renewal and publicly assisted housing; and

WHEREAS, the County is a duly constituted subdivision of the State of California, and is also empowered by State law to undertake essential community development and housing assistance activities, specifically urban renewal and publicly assisted housing; and

WHEREAS, California Government Code Section 6502 authorizes two or more public agencies to jointly exercise any power common to both; and

WHEREAS, the COUNTY and participating cities, including the City, form the Stanislaus Urban County (“Urban County”) for purposes of receiving entitlement funds from the Department of Housing and Urban Development (“HUD”); and

WHEREAS, it is mutually desired by the parties hereto to enter into a Cooperation Agreement, in accord with the Housing and Community Development Act of 1974 (“HCDA”), as amended, and applicable Federal rules and regulations adopted pursuant thereto; whereby the parties shall jointly undertake community development and housing assistance activities, including the Community Development Block Grant Entitlement (“CDBG”), Emergency Solutions Grants (“ESG”), and the HOME Investment Partnerships (“HOME”) Programs funded by HUD.

NOW, THEREFORE, BE IT HEREBY RESOLVED as follows:

1. The parties hereto agree to cooperate to undertake, or assist in undertaking, community renewal and lower income housing assistance activities, specifically urban renewal and publicly assisted housing, pursuant to the Housing and Community Development Act of 1974 (“HCDA”), as amended, and the HOME Investment Partnerships Act, as amended. This agreement shall become effective October 1, 2020, and be in effect until terminated, but termination may not occur before September 30, 2023. This agreement shall remain in effect until the CDBG, ESG, and HOME funds received during the Urban County’s 20-21- (July 1, 2020 to June 30, 2021), 21-22 (July 1, 2021 to June 30, 2022), and 22-23 (July 1, 2022 to June 30, 2023) program years, and any related
program income received by the City, are expended and any funded activities are completed.

2. The County and City, along with all Urban County participants, agree to form the following committee and panel to coordinate and review Urban County information:

   a. Technical Committee: consisting of one (1) representative from the County and one (1) representative from each Urban County participating city. The purpose of the committee is to review proposed funding and existing funding for HUD projects, and any other documentation required by HUD for the implementation and administration of the CDBG, ESG, and HOME Programs. Documentation shall include, but not limited to, a list of specific projects to be undertaken and priorities for implementation for the housing and community development projects. The committee will facilitate distribution of information to residents of the Urban County concerning community development and housing needs; and shall provide residents with an opportunity to participate in the development of programs and priorities.

   b. Grant Review Panel: consisting of one (1) representative from the County and one (1) representative from each Urban County participating city and one (1) representative from the local Continuum of Care (CoC). The committee will meet a minimum of 2 times a year to review grant applications and proposals in response to a County released Notice of Funding Availability (NOFA). Grant Review Panel duties shall include reviewing and scoring of applications, and attendance during all grant applicant presentations.

3. After deduction of administrative expenses, which shall not exceed 20%, all of the net CDBG monies shall be sub-allocated to the participating jurisdictions according to the general distribution formula established by HUD which is based on the latest available countywide data on population, the extent of poverty, and the extent of housing overcrowding. However, a different distribution is hereby expressly authorized if and when necessary to comply with Title I of the HCDA. If any project submitted by an Urban County member has CDBG documentation that is found to be ineligible by HUD, the proposed project shall not be funded. In such an event, the County, acting in concert with the Technical Committee may submit an alternative priority project which is within the original cost and in line with the stated needs and objectives of County, provided such a re-submission conforms with the rules and regulations of the HCDA.

4. a. City may terminate its participation in this Cooperation Agreement by a single majority vote of its governing body. Such termination shall take effect only at the end of the federal three-year Urban County qualification period in
which the action is taken. City may participate in a HOME Program only through the Urban County; and that it may not participate in a HOME consortium with other local governments except through the Urban County, regardless of whether the Urban County receives a HOME formula allocation.

The next such qualification period will end September 30, 2023. However, City may void this Cooperation Agreement by written notice received by the Director of the Stanislaus County Planning and Community Development Department, 1010 10th Street, Suite 3400, Modesto, California 95354, prior to September 30, 2023, if City is advised by HUD that City is eligible to be designated as a metropolitan city entitled to CDBG formula funding and City elects to accept designation as a metropolitan city. If this Cooperation Agreement is not voided by City prior to September 10, 2019 (or later date if approved in writing by HUD) under the circumstances listed in the previous sentence, City must remain a part of the urban county for the entire three-year urban county qualification period.

5. Under this Agreement, the County shall be the primary general-purpose local governmental unit pursuant to the HCDA. The County shall apply for grants, administer all funds received, and undertake or assist in undertaking essential community development and housing assistance activities. Based on recommendations made by the Technical Committee, the County shall have the authority to carry out activities which will be funded from annual CDBG, and ESG, funds covered by this Agreement. Records shall be kept by County in accordance with approved accounting procedures, and said records shall be available for public inspection at all times.

6. County and City, along with all Urban County participants, shall take all actions necessary to assure compliance with the Urban County’s certification required by Section 104 (b) of Title I of the HCDA, including the National Environmental Policy Act of 1969, Title VI of the Civil Rights Act of 1964, Title VIII of the Civil Rights Act of 1968, Executive Order 11988, the Fair Housing Act, Section 109 of Title I of the HCD, as amended. Use of Urban County funds for activities, in or in support of, any participating city that does not affirmatively further fair housing within its own jurisdiction or that impedes the County’s actions to comply with the County’s fair housing certification shall be prohibited. Pursuant to 24 CFR 570.501(b), City is subject to the same requirements applicable to sub-recipients, including the requirement of a written agreement described in 24 CFR 570.503. County and City shall comply with all other applicable laws.

7. City shall report to County any program income generated by the expenditure of CDBG funds. Such program income may be retained by City to be used for CDBG eligible activities. County has the responsibility for monitoring and reporting to HUD on the use of program income, thereby requiring appropriate record keeping and reporting by City as may be needed for this purpose. In the case of HOME Investment Partnerships Program funds, the City shall report program income to
the entity responsible for HOME fund administration and it shall be the responsibility of that entity to report to HUD on the use of program income.

8. City shall not sell, trade, or otherwise transfer all or any portion of such funds to another city, urban county, unit of general local government, or Indian tribe, or insular area that directly or indirectly received CDBG funds in exchange for any other funds, credits or non-Federal considerations, but must use such funds for activities eligible under title I of the HCDA.

9. The following standards shall apply to real property acquired or improved in whole or in part using CDBG funds that is within the control of a participating City:

   a. City shall give County timely notification of any modification or change in the use of the real property from that planned at the time of acquisition or improvement including disposition.

   b. City shall reimburse the allocation account in an amount equal to the current fair market value (less any portion thereof attributable to expenditures of funds other than CDBG) of property acquired or improved with CDBG funds that is sold or transferred for a use that does not qualify under the CDBG regulations.

   c. City shall pay to County any program income generated from the disposition or transfer of property prior to or subsequent to the close-out, change of status or termination of the cooperation agreement between County and City. Any program income shall be allocated by County for eligible activities in accordance with all CDBG requirements as may then apply.

10. The parties hereto agree that the responsible entity with the final responsibility for analyzing needs, setting objectives, developing plans, selecting projects for community development and housing assistance, selecting CDBG Public Service and ESG programs to be funded, and filing the Consolidated Plan, and other plans and reports required by the HCDA, is the Stanislaus County Board of Supervisors.

11. By executing this Agreement, City understands the following:

   b. City may not apply for grants under the Small Cities or State CDBG or ESG Programs funded during the period in which it participates in the Urban County;

   c. City may only receive ESG funding by a formula allocation as part of a participating member of the Urban County unless otherwise authorized by HCD or HUD.

   d. This agreement remains in effect until CDBG, ESG, HOME funds, along with any program income received with respect to activities carried out during the
three-year qualification period, are expended and the funded activities completed. The County and the City cannot terminate or withdraw from the cooperation agreement while it remains in effect.

12. The cooperating unit of general local government has adopted and is enforcing:
   a. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
   b. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction. The phrase “cooperating unit of general local government” has the same meaning in this Cooperation Agreement as it does in HUD Notice #CPD 19-04.

13. a. Each Party mutually agrees, pursuant to Government Code §894.5, to indemnify, hold harmless, and defend the other Party, its County Board of Supervisors, City Councils, boards and commissions, officers, agents, employees, and volunteers (collectively, the “indemnified Parties”) in an amount equal to its proportionate share of liability on a comparative fault basis. This indemnity obligation shall exist with respect to any claim, loss, liability, damage, lawsuit, cost or expense that arises out of, or is any way related to, the performance of services pursuant to this Agreement. This indemnity obligation extends, without limitation, to any injury, death, loss, or damage which occurs in the performance of the Agreement and that is sustained by a third party, agent, or contractor of a Party. Each Party executing this Agreement certifies that it has adequate self-insured retention of funds to meet any obligation arising from this Agreement, and it shall continue to maintain such funds throughout the Term of this Agreement. Notwithstanding the foregoing, nothing herein shall be construed to require any Party to indemnify any other Party from any Claim arising from the sole negligence or willful misconduct of another Party. Nothing in this section shall be construed as authorizing an award of attorney fees in any action on or to enforce the terms of this Agreement. This indemnity shall apply to all Claims and liability regardless of whether any insurance policies are applicable. Any policy limits shall not act as a limitation upon the amount of indemnification to be provided.
   b. At its sole discretion, the indemnified Party may participate at its own expense in the defense of any claim, action or proceeding, but such participation shall not relieve the indemnitor of any obligation imposed by this Agreement. The Parties shall notify each other promptly of any claim, action or proceeding and cooperate fully in the defense. The Parties agree to defend themselves from any claim, action or proceeding arising out of the
concurrent acts or omissions of each Party. In such cases, the Parties agree to retain their own legal counsel, bear their own defense costs, and waive their right to seek reimbursement of such costs. Where a trial verdict or arbitration award allocates or determines the comparative fault of the parties, the Parties may seek reimbursement and/or reallocation of defense costs, settlement payments, judgments and awards, consistent with such comparative fault. The provisions of this section shall survive the termination of this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this agreement on the day and year first above written.

RECOMMENDATION

It is recommended that Council approve the first reading and introduction by title only of the proposed Ordinance, which will initiate its second reading for consideration of its adoption at the May 28th regular City Council meeting.

SUMMARY

E & J Distributors LLC (“The Applicant”) has requested a Development Agreement (Attachment 2) and Conditional Use Permit to allow for a commercial cannabis distribution located at 5729 Terminal Avenue.

The project area is located along Terminal Avenue, at City Limit and north of county industrial parcels, east of the BNSF railroad tracks, south of industrial businesses and nonconforming residences, and west of a residential subdivision and ranchettes. The project site is a 6,000 square foot building, located on an approximately one (1) acre parcel. The project site has an existing general plan land use designation of Industrial / Business Park (I/BP) and is zoned Light Industrial (M-1). Pursuant to Riverbank Municipal Code Chapter §120 the zoning is appropriate for a proposed cannabis distribution use (wholesale to wholesale).

The Planning Commission at their regular meeting of April 16, 2019 with a vote of 5-0 recommended that the City Council approve Development Agreement 01-2019 with Resolution 2019-009 (Attachment 3). They also approved with a vote of 5-0 Conditional Use Permit 02-2019 with Resolution 2019-010 (Attachment 4).
BACKGROUND

Starting in 1996, citizens of the State of California approved Proposition 215, the Compassionate Use Act (“CUA”). The CUA was approved to allow Californians with a serious illness to legally possess, use, and cultivate cannabis for medical use under state law.

In addition, in 2003, the legislature of California adopted Senate Bill 420 which entitled the Medical Cannabis program. This program authorized qualified patients and their primary caregivers to cultivate and use cannabis for medical purposes without being subject to criminal prosecution under the state penal code.

On October 9, 2015 Governor Jerry Brown signed three bills into law (Assembly Bill 266, Assembly Bill 243, and Senate Bill 643) which are collectively referred to as the Medical Cannabis Regulation and Safety Act (“MCRSA”). This Act established a statewide regulatory and licensing structure for the cultivation, processing, transporting, testing, and distribution of medical cannabis to qualified patients and their primary caregivers.

On November 8, 2016, the citizens of California approved Proposition 64 (Adult Use of Cannabis). In accordance with Proposition 64 recreational use of cannabis is now legal throughout the state, but reserved the right to police commercial cannabis activity to each local jurisdiction.

Lastly, on August 8, 2017 and August 22, 2017, the Riverbank City Council adopted Ordinance No. 2017-007, which provides a regulatory structure for commercial cannabis activities in the City of Riverbank ONLY in the General Commercial (C-2), Commercial – Industrial (CM), Cannery District, Highway Boulevard (HB), Downtown General (DG), Downtown Core (DC), Light industrial (M-1), and Research and Development (R&D) zoning districts. In addition, this ordinance bans all commercial cannabis activities within 600 feet from a school, commercial day care facility, or youth center.

As a part of the regulatory structure established by Ordinance No. 2017-007, an applicant seeking to establish a commercial cannabis business must apply for a Development Agreement and a Conditional Use Permit. These entitlements lock-in fees for the applicant, set performance standards with the city, and establish a timeline.

ANALYSIS

E & J Distributors LLC is proposing to establish a cannabis distribution facility located at 5729 Terminal Avenue. The proposed project site is zoned Light Industrial (M-1), and therefore is in conformance with Ordinance No. 2017-007, listed above. The proposed project site is not within 600 feet of any school, commercial day care facility, or youth center.

The Applicants are proposing to conduct a cannabis distribution (wholesale to wholesale) in an existing 6,000 square foot building on an approximately one (1) acre site
The Applicant is not requesting any changes to the Site Plan and proposes no signage. Business will be conducted from 8am – 4pm, seven days a week, and will include approximately 5-6 employees. There is no storefront and the public is not permitted on site. The business will feature a fenced shipping and receiving area, security office, manager and employee offices, and several storage areas, including a mezzanine.

The site will feature enhanced security to ensure safety in and around the site. A 24-hour security system will be installed with security guards on-site during regular business hours. High-definition cameras are to be located around the exterior of the project site. These cameras will be monitored 24-hours a day and will cover all of the project site. Interior security will feature cameras, automatic locking doors, and interior fencing to restrict access.

A. Development Agreement – Pursuant to Riverbank Ordinance No. 2017-007, the Applicant has negotiated with the Riverbank City Council to establish a Development Agreement for the project.

B. Conditional Use Permit – Also pursuant to Riverbank Ordinance No. 2017-007, the Applicant requested a Conditional Use Permit to allow for a cannabis distribution (wholesale to wholesale) located at 5729 Terminal Avenue.

PLANNING COMMISSION

On April 16, 2019, the Planning Commission held a duly noticed public hearing to consider the proposed Project. Four (4) Planning Commissioners and one (1) Alternate Commissioner were present at this meeting, including Chairmen Dinan, Commissioner Ball, Commissioner Stewart, Commissioner Fenrich, and Alternate Commissioner Steve Link.

On April 15, 2019, the City received an email from residents Laurie and Cody Avery, who also spoke at the meeting in opposition of the Project. A second citizen, Evelyn Halbert spoke of some of the same concerns. They are concerned that the location is too close to residences and a bus stop (the children of the neighborhood board across the street at 7:20 am weekday mornings), an increase in traffic, an increase in crime, objectionable odors, and a decrease in property values. Similar concerns were brought up by the public during the hearings for Flavors, a dispensary. Staff monitoring of Flavors the past twelve (12) months has shown there has been a decrease in crime in the area, no objectionable odors have been reported, and online property values appear stable. In addition, much of the traffic congestion at Oakdale Road and Patterson Road is attributed to drivers making illegal left turns into the McDonald’s parking lot from northbound Oakdale Road. Staff has not received any complaints concerning a nearby school bus stop on Oakdale Road.

The applicant proposes transporting bulk cannabis and cannabis products from a State licensed cultivation or manufacturing facility to their location, acquiring laboratory testing for the State, packaging the materials, and then labeling the products.
approved labels) before distributing them wholesale to State licensed dispensaries. There will be no manufacturing of products or storefront sales on site. The products are expected to arrive and leave the rear (south) of the facility in 5-6 secure sprinter vans per week that are owned by the applicant. The public driving by will only see employee vehicles in the parking lot of an existing industrial building that is without business signage.

Conditions of Approval include a requirement for LiveScans (background checks), the hours of construction for the Tenant Improvements, the regulation of exterior lighting, and a hold harmless clause among other legal requirements.

**ENVIRONMENTAL DETERMINATION**

This Development Agreement and Conditional Use Permit were reviewed pursuant to the California Environmental Quality Act (CEQA). Per Section 15061 (b-3), the proposed project is not subject to CEQA as CEQA only applies to projects which have the potential for causing a significant effect on the environment.

**FISCAL IMPACT**

The project would provide Canna+Rise with substantial private benefits that will place burdens upon City infrastructure, services, and neighborhoods. Canna+Rise seeks to offset these impacts through a monthly payment classified as a “Public Benefit” amount. The Public Benefit is designed and intended to offset or mitigate any potential impacts of the project on the community.

The major elements of the development agreement are summarized below:

- The term of the agreement is five (5) years.
- Canna+Rise proposes the operation of a cannabis distribution facility (wholesale to wholesale).
- Canna+Rise plans operating on approximately six thousand (6,000) square feet of space for the distribution facility.
- The project would provide Canna+Rise with substantial private benefits that will place burdens upon City infrastructure, services, and neighborhoods. Canna+Rise seeks to offset these impacts through a monthly payment classified as a “Public Benefit” amount. The Public Benefit is designed and intended to offset or mitigate any potential impacts of the project on the community.

Canna+Rise will pay to the City a Public Benefit of:

- $6,000 or four percent (4%) of gross receipts (per month to be paid quarterly from operations every quarter starting the second quarter), whichever is greater, each for the first twelve (12) months following the issuance of a Conditional Use Permit;
$10,000 or five percent (5%) of gross receipts from operations every quarter, whichever is higher, for months thirteen (13) through twenty-four (24) following the issuance of a Conditional Use Permit; and
$15,000 or five percent (5%) of gross receipts from operations, whichever is higher, for each month thereafter through the end of the term of the development agreement.

STRATEGIC GOALS

The City of Riverbank Strategic Planning Session is a plan and set of goals that Riverbank will work towards for the next three (3) years. The completion of development agreements for cannabis activities is a specific objective. A. On October 9, 2015, Governor Jerry Brown signed three bills into law (Assembly Bill 266, Assembly Bill 243, and Senate Bill 643) which are collectively referred to as the Medical Cannabis Regulation and Safety Act ("MCRSA"). MCRSA establishes a statewide regulatory system for the cultivation, processing, transportation, testing, manufacturing, and distribution of medical marijuana to qualified patients and their primary caregivers.

B. On November 8, 2016, California voters enacted Proposition 64, the Control, Regulate and Tax Adult Use of Marijuana Act, also known as the Adult Use of Marijuana Act ("AUMA"), which establishes a comprehensive system to legalize, control, and regulate the cultivation, processing, manufacture, distribution, testing, and sale of nonmedical cannabis, including cannabis products, for use by adults 21 years and older, and to tax the growth and retail sale of cannabis for nonmedical use.

C. On June 27, 2017, Governor Jerry Brown signed into law the Medicinal and Adult-Use Cannabis Regulation and Safety Act ("MAUCRSA"), which creates a single regulatory scheme for both medicinal and adult-use cannabis businesses. MAUCRSA retains the provisions in MCRSA and AUMA that granted local jurisdictions control over whether businesses engaged in Commercial Cannabis
Activity, as defined in Section 1.4 of this Agreement, may operate in a particular jurisdiction.

D. Developer proposes to improve, develop, and use real property to operate a Cannabis distribution business, in strict accordance with California Cannabis Laws, and the Municipal Code of the City of Riverbank, as each may be amended from time to time (the “Project”).

E. To strengthen the public planning process, encourage private participation in comprehensive planning, and reduce the economic risk of development, the California Legislature adopted Government Code section 65864 et seq. (the “Development Agreement Statute”), which authorizes City and an individual with an interest in real property to enter into a development agreement that establishes certain development rights in real property that is subject to a development agreement application.

F. Consistent with the requirements of the Development Agreement Statute, City has adopted Resolution No. 99-39 (“City Development Agreement Resolution”) authorizing the use of and establishing the procedures and requirements for the consideration of development agreements within the City.

I. Developer leases that certain real property located at 5729 Terminal Avenue in the City of Riverbank, County of Stanislaus, State of California, Assessor’s Parcel Number 075-020-016, of which Developer intends to improve approximately six thousand (6,000) square feet of space (the “Site”), more particularly described in the legal description attached hereto as Exhibit A and the Site Map attached hereto as Exhibit B.

J. Government Code section 65865 requires that an applicant for a development agreement hold a legal or equitable interest in the real property that is the subject of the development agreement.

K. Developer has leased the Site for the purpose of operating the Project. A copy of the lease is attached hereto as Exhibit C, within satisfaction of the requirement of Riverbank Municipal Code Chapter 120. The legal owner of the Site is aware of, and agrees to, the operation of the Project upon the Site.

M. On December 12, 2017, the City Council adopted Ordinance No. 2017-007 to revise Riverbank Municipal Code 120 to establish a Cannabis Business Pilot Program to regulate all cannabis businesses within the City.

N. Government Code section 65867.5 and the City Development Agreement Resolution requires the Planning Commission hold a public hearing to review an application for a development agreement.

O. On April 16, 2019, the Planning Commission, in a duly noticed and conducted public hearing, considered Developer’s application for this Agreement.

P. On April 16, 2019, the Planning Commission recommended the City Council adopt Ordinance No. 2019-______, which would allow Developer to operate the Project at the Site.

Q. On May 14, 2019, pursuant to Government Code section 65867.5 and the City Development Agreement Resolution, the City Council reviewed, considered, adopted, and entered into this Agreement pursuant to Ordinance No. 2019-______.

R. This Agreement is entered into pursuant to the Development Agreement Statute and the City Development Agreement Resolution.

S. City and Developer desire to enter into this Agreement to (i) facilitate the orderly development of the Site; (ii) create a physical environment that is consistent with and complements City’s goals and visions; (iii) protect natural resources from adverse impacts; (iv) improve, upgrade, and create additional community facilities and infrastructure, enhance services, and assist in implementing the goals of the General Plan; and (vi) reduce the economic risk of development of the Site to both City and Developer.

T. The Parties intend through this Agreement to allow Developer to develop and operate the Project in accordance with the terms of this Agreement.

Developer shall be permitted to use the Site consistent with the Authorized License for the Term of this Agreement and during the time Developer is applying for the Authorized License with the applicable State Licensing Authority. Developer shall begin operations of the Cannabis Business Project under the Authorized License within six (6) months of the issuance of a Conditional Use Permit or adoption of the operative ordinance approving this Agreement, whichever is later, unless Developer is prevented from doing so due to any event or circumstance set forth in section 8.6 of this Agreement. Notwithstanding the foregoing, Developer is required to apply for and obtain the Authorized License from the State of California. If the State Licensing Authority does not grant the Authorized License to Developer, Developer shall immediately cease Commercial Cannabis Activity on the Site. Developer shall also, within thirty (30) calendar days of receiving notice from the
State Licensing Authority, notify City of the State Licensing Authority’s denial or rejection of any license. If the Authorized License is not granted by the State of California, Developer shall immediately cease operations. In this situation, this Agreement shall terminate immediately. The Parties intend for this Agreement and the Conditional Use Permit to serve as the definitive and controlling documents for all subsequent actions, discretionary or ministerial, relating to development of the Site and Project.

Section 2.4. Major Amendment to Permitted Uses. Developer may request to add to the Authorized License additional license types once that license is applied for or obtained from the appropriate State Licensing Authority (the “Additional Licenses”).

Section 2.5. Conditional Use Permit. Prior to commencing operation of any Commercial Cannabis Activity on the Site, Developer shall obtain a Conditional Use Permit and any applicable Subsequent City Approvals. Developer shall be required to comply with all provisions of the Riverbank Municipal Code and any City rules and administrative guidelines associated with implementation of the Cannabis Business Pilot Program. Nothing in this Agreement shall be construed as limiting the ability of City to amend the Riverbank Municipal Code or issue rules or administrative guidelines associated with implementation of the Cannabis Business Pilot Program or Developer’s obligation to strictly comply with the same.

Section 2.6. Subsequent Entitlements, Approvals, and Permits. Successful implementation of the Project shall require Developer to obtain additional approvals and permits from City and other local and state agencies. City shall comply with CEQA in the administration of all Subsequent City Approvals. In acting upon any Subsequent City Approvals, City’s exercise of discretion and permit authority shall conform to this Agreement. Notwithstanding the foregoing, in the course of taking action on the Subsequent City Approvals, City will exercise discretion in adopting mitigation measures as part of the Conditional Use Permit. The exercise of this discretion is not prohibited or limited in any way by this Agreement. Nothing in this Agreement shall preclude the evaluation of impacts or consideration of mitigation measures or alternatives, as required by CEQA.

(a) Contemplated City Rules and Guidelines. City anticipates issuing additional rules and administrative guidelines associated with implementation of the Cannabis Business Pilot Program. City may establish requirements that are identical to or place a higher standard of care as existing provisions of the California Cannabis Laws, State Cannabis Regulations, or any amendments thereto. City reserves the right to adopt additional categories of rules or guidelines that are not listed in this section as part of the Cannabis Business Pilot Program. Developer shall comply with any and all administrative guidelines adopted by City that govern or pertain to the Project.

Section 2.7. Initiatives and Referenda. If any City ordinance, rule or regulation, or addition to the Riverbank Municipal Code is enacted or imposed by a citizen-sponsored
initiative or referendum after the Effective Date that would conflict with this Agreement, an associated Conditional Use Permit, Subsequent City Approvals, or reduce the development rights or assurances provided to Developer in this Agreement, such Riverbank Municipal Code changes shall not be applied to the Site or Project; provided, however, the Parties acknowledge that City’s approval of this Agreement is a legislative action subject to referendum. City shall cooperate with Developer and shall undertake such reasonable actions as may be appropriate to ensure this Agreement remains in full force and effect and is implemented in accordance with its terms to the fullest extent permitted by state or federal law.

Section 2.8. Regulation by Other Government Entities. Developer acknowledges that City does not have authority or jurisdiction over any other government entities’ ability to grant governmental approvals or permits or to impose a moratorium or other limitations that may negatively affect the Project or the ability of City to issue a permit to Developer or comply with the terms of this Agreement. Any moratorium imposed by another government entity, including the State Licensing Authority, on City shall not cause City to be in breach of this Agreement.

Section 2.9. Developer’s Right to Rebuild. Developer may renovate portions of the Site any time within the Term of this Agreement consistent with the Riverbank Municipal Code. Any such renovation or rebuild shall be subject to all design, building code, and other requirements imposed on the Project by this Agreement.

Section 2.10. Changes in California Building Standards Codes. Notwithstanding any provision of this Agreement to the contrary, development of the Project shall be subject to changes occurring from time to time to the California Building Standards Codes.

Section 2.11. Changes Mandated by Federal or State Law. The Site and Project shall be subject to subsequently enacted state or federal laws or regulations that may preempt the Riverbank Municipal Code, or mandate the adoption or amendment of local regulations, or are in conflict with this Agreement or local rules or guidelines associated with the Cannabis Business Pilot Program. As provided in Section 65869.5 of the Development Agreement Statute, in the event state or federal laws or regulations enacted after the Effective Date prevent or preclude compliance with one or more provisions of this Agreement, such provisions shall be modified or suspended as may be necessary to comply with such state or federal laws or regulations. Upon discovery of a subsequently enacted federal or state law meeting the requirements of this Section, City or Developer shall provide the other Party with written notice of the state or federal law or regulation, and a written statement of the conflicts thereby raised with the provisions of the Riverbank Municipal Code or this Agreement. Promptly thereafter, City and Developer shall meet and confer in good faith in a reasonable attempt to modify this Agreement, as necessary, to comply with such federal or state law or regulation provided City shall not be obligated to agree to any modification materially increasing its obligations or materially adversely affecting its rights and benefits hereunder. In such discussions, City and Developer will
attempt to preserve the terms of this Agreement and the rights of Developer derived from this Agreement to the maximum feasible extent while resolving the conflict. If City, in its judgment, determines it necessary to modify this Agreement to address such conflict, City shall have the right and responsibility to do so, and shall not have any liability to Developer for doing so or be considered in breach or default of this Agreement. City also agrees to process, in accordance with the provisions of this Agreement, Developer's proposed changes to the Project that are necessary to comply with such federal or state law and that such proposed changes shall be conclusively deemed to be consistent with this Agreement without further need for any amendment to this Agreement.

Section 2.12. Health and Safety Emergencies. In the event that any future public health and safety emergencies arise with respect to the development contemplated by this Agreement, City agrees that it shall attempt, if reasonably possible as determined by City in its discretion, to address such emergency in a way that does not have a material adverse impact on the Project. If City determines, in its discretion, that it is not reasonably possible to so address such health and safety emergency, to select that option for addressing the situation which, in City’s discretion, minimizes, so far as reasonably possible, the impact on development and use of the Project in accordance with this Agreement, while still addressing such health and safety emergency in a manner acceptable to City.

ARTICLE 3
ENTITLEMENT AND PERMIT PROCESSING, INSPECTIONS

Section 3.1. Subsequent City Approvals. City shall permit the development, construction, and conditionally permitted use contemplated in this Agreement. City agrees to timely grant, pursuant to the terms of this Agreement, the Riverbank Municipal Code, and any Subsequent City Approvals reasonably necessary to complete the goals, objectives, policies, standards, and plans described in this Agreement. The Subsequent City Approvals shall include any applications, permits, and approvals required to complete the improvements necessary to develop the Site, in general accordance with this Agreement (“Subsequent City Approvals”). Nothing herein shall require City to provide Developer with Subsequent City Approvals prior to, or without complying with, all of the requirements in this Agreement, the Riverbank Municipal Code, and any applicable state law.

Section 3.2. Timely Processing. City shall use its reasonable best efforts to process and approve, within a reasonable time, any Subsequent City Approvals or environmental review requested by Developer during the Term of this Agreement.

Section 3.3. Cooperation between City and Developer. Consistent with the terms set forth herein, City agrees to cooperate with Developer, on a timely basis, in securing all permits or licenses that may be required by City or any other government entity with permitting or licensing jurisdiction over the Project.
Section 3.4. Further Consistent Discretionary Actions. The exercise of City's authority and independent judgment is recognized under this Agreement, and nothing in this Agreement shall be interpreted as limiting City's discretion or obligation to hold legally required public hearings. Except as otherwise set forth herein, such discretion and action taken by City shall, however, be consistent with the terms of this Agreement and not prevent, hinder or compromise development or use of the Site as contemplated by the Parties in this Agreement.

ARTICLE 4
PUBLIC BENEFIT, PROCESSING, AND OVERSIGHT

Section 4.1. Processing Fees and Charges. Developer shall pay to City those processing, inspection, plan checking, and monitoring fees and charges required by City which are in force and effect at the time those fees and charges are incurred (including any post-Effective Date increases in such fees and charges) for processing applications and requests for building permits, inspections, other permits, approvals and actions, and monitoring compliance with any permits issued or approvals granted or the performance of any conditions (each a “Ministerial Fee” and collectively, the “Ministerial Fees”).

Section 4.2. Public Benefit.

(a) The Parties acknowledge and agree that this Agreement confers substantial private benefits upon Developer that will place burdens upon City infrastructure, services, and neighborhoods. Accordingly, the Parties intend to provide consideration to City to offset these impacts that commensurate with the private benefits conferred on Developer (the “Public Benefit”). In consideration of the foregoing, Developer shall remit to City as follows:

<table>
<thead>
<tr>
<th>Effective Date</th>
<th>No Public Benefit Due.</th>
</tr>
</thead>
<tbody>
<tr>
<td>First (1st) Business Day of 1st Month of the Second Quarter Following Issuance of the Conditional Use Permit.</td>
<td>$6,000 or 4% of Gross Receipts from Operations quarterly, whichever is greater (“Tier 1 Amount”).</td>
</tr>
<tr>
<td>First (1st) Business Day of 1st Month of the Quarter for months Thirteen (13) through Twenty-four (24) Following Issuance of the Conditional Use Permit.</td>
<td>$10,000 or 5% of Gross Receipts from Operations quarterly, whichever is greater (“Tier 2 Amount”).</td>
</tr>
<tr>
<td>1st Business Day of the 1st Month of the Quarter for Month Twenty-five (25) Following Issuance of the Conditional Use Permit Through the End of the Term.</td>
<td>$15,000 or 5% of Gross Receipts from Operations quarterly, whichever is greater (“Tier 3 Amount”).</td>
</tr>
</tbody>
</table>

(b) Collectively, these amounts shall be known as the “Public Benefit Amount”.

DEVELOPMENT AGREEMENT

(c) Developer shall file an applicable statement that complies with the California State Board of Equalization, California Department of Tax and Fee Administration, or either’s successor agency (the “State Taxing Authority”) for sales tax purposes showing the true and correct amount of Gross Receipts from Operations of the Project during the applicable time period. Developer shall provide a copy of such statement to City upon request by City.

Section 4.3. Reporting. Developer shall provide City with copies of any reports provided to a state cannabis licensing agency within forty-five (45) calendar days of that submission.

Any failure or refusal of Developer to provide any statement or report to City, the State Taxing Authority, or any other State Licensing Authority as required within the time required, or to pay such sums due hereunder when the same are due and payable in accordance with the provisions of this Agreement, may constitute full and sufficient grounds for the revocation or suspension of the Conditional Use Permit.

Section 4.4. Records. Developer shall keep records of all Commercial Cannabis Activity in accordance with Chapter 16 (commencing with Section 26160) of Division 10 of the Business and Professions Code and the applicable State Cannabis Regulations. All records required by this Section shall be maintained and made available for City’s examination and duplication (physical or electronic) at the Site or at an alternate facility as approved in writing by the City Manager or his or her designee.

Section 4.5. Penalty. Developer acknowledges that to ensure proper compliance with the terms of this Agreement and any applicable laws, City must engage in costly compliance review, inspections, and, if necessary, enforcement actions to protect the health, safety, and welfare of its residents. Penalty and interest provisions are necessary to assist City in compliance review and enforcement actions. If Developer fail to make any payment when due as required by this Agreement, including the Public Benefit Amount, City may impose a “Non-Performance Penalty.” A Non-Performance Penalty of one percent (1%) shall be applied to all past due payments. City shall deliver to Developer a “Notice of Non-Performance Penalty,” attached hereto as Exhibit D. Payment of the Non-Performance Penalty shall be in a single installment due on or before a date fifteen (15) calendar days following delivery of the Notice of Non-Performance Penalty.

Section 4.6. Interest on Unpaid Non-Performance Penalty. If Developer fails to pay the Non-Performance Penalty after City has delivered the Notice of Non-Performance Penalty, then, in addition to the principal amount of the Non-performance Penalty, Developer shall pay City interest at the rate of eighteen percent (18%) per annum, computed on the principal amount of the Non-Performance Penalty, from a date fifteen (15) calendar days following delivery of the Notice of Non-performance Penalty.
Section 4.7. Protections from City Tax. Notwithstanding Section 4.2, for the Term of this Agreement, Developer shall be exempt from any City tax, including a business license tax, on commercial cannabis businesses. Notwithstanding the foregoing, Developer and the Project shall be subject to any and all taxes, assessments, or similar charges or fees of general applicability enacted by the federal government, state government, or County of Stanislaus, including any tax applicable to an area greater than the City limits to which City may be a party (i.e., county tax sharing agreement). In the event the Public Benefit Amount is invalidated for any reason, Developer shall be subject to any applicable tax on commercial cannabis businesses from the start date of such invalidation through the remaining Term of this Agreement.

ARTICLE 5
PUBLIC FACILITIES, SERVICES, AND UTILITIES

City shall use the Public Benefit Amount to pay for the impact on and maintenance or improvement of City neighborhoods and the existing level of service of City infrastructure and services to accommodate for the Project.

ARTICLE 6
INSURANCE AND INDEMNITY

Section 6.1. Insurance. Developer shall require all persons doing work on the Project, including its contractors and subcontractors (collectively, “Developer” for purposes of this Article 6 only), to obtain and maintain insurance of the types and in the amounts described in this Article with carriers reasonably satisfactory to City.

(a) General Liability Insurance. Developer shall maintain commercial general liability insurance or equivalent form with a limit of not less than Two Million Dollars ($2,000,000) (or as otherwise approved, in writing, by City) per claim and Two Million Dollars ($2,000,000) each occurrence. Such insurance shall also:

(i) Name City, its elected and appointed councils, boards, commissions, officers, agents, employees, and representatives as “Additional Insureds” by endorsement with respect to performance of this Agreement. The coverage shall contain no special limitations on the scope of its protection afforded to the above-listed additional insured.

(ii) Be primary with respect to any insurance or self-insurance programs covering City, its officials, employees, agents, and representatives.

(iii) Contain standard separation of insured provisions.

(b) Automotive Liability Insurance. Developer shall maintain business automobile liability insurance or equivalent form with a limit of not less than One Million
Dollars ($1,000,000) for each accident. Such insurance shall include coverage for owned, hired, and non-owned automobiles. Such insurance shall also:

(i) Name City, its elected and appointed councils, boards, commissions, officers, agents, employees, and representatives as Additional Insureds by endorsement with respect to performance of this Agreement. The coverage shall contain no special limitations on the scope of its protection afforded to the above-listed Additional Insureds.

(ii) Be primary with respect to any insurance or self-insurance programs covering City, its officials, employees, agents, and representatives.

(iii)Contain standard separation of insured provisions.

(c) **Workers’ Compensation Insurance.** Developer shall take out and maintain during the Term of this Agreement, workers’ compensation insurance for all of Developer’s employees employed at or on the Project, and in the case any of the work is subcontracted, Developer shall require any general contractor or subcontractor similarly to provide workers’ compensation insurance for such contractor’s or subcontractor’s employees, unless such employees are covered by the protection afforded by Developer. In case any class of employee engaged in work on the Project is not protected under any workers’ compensation law, Developer shall provide and shall cause each contractor and subcontractor to provide adequate insurance for the protection of employees not otherwise protected. Developer hereby indemnifies City for any damage resulting from failure of Developer, its agents, employees, contractors, or subcontractors to take out or maintain such insurance. Workers’ compensation insurance with statutory limits and employer’s liability insurance with limits of not less than One Million Dollars ($1,000,000) for each accident shall be maintained.

**Section 6.2. Other Insurance Requirements.** Developer shall do all of the following:

(a) Prior to taking any actions under this Agreement, furnish City with properly executed certificates of insurance that clearly evidence all insurance required in this Article, including evidence that such insurance will not be canceled, allowed to expire, or be materially reduced in coverage without thirty (30) days prior written notice to City.

(b) Provide to City, upon request, and within seven (7) calendar days of said request, certified copies of endorsements and policies, and properly executed certificates of insurance evidencing the insurance required herein.

(c) Replace or require the replacement of certificates, policies, and endorsements for any insurance required herein expiring prior the termination of this Agreement.
(d) Maintain all insurance required herein from the Effective Date of this Agreement to the earlier of the expiration of the Term or the mutual written termination of this Agreement.

(e) Place all insurance required herein with insurers licensed to do business in California with a current Best’s Key Rating Guide reasonably acceptable to City.

Section 6.3. Indemnity. To the fullest extent permitted by law, Developer shall defend, indemnify, and hold harmless City and its agents, elected and appointed officials, officers, employees, consultants, and volunteers (collectively, “City’s Agents”) from any and all liability arising out of a claim, action, or proceeding against City, or City’s Agents, to attack, set aside, void, or annul an approval concerning the Project, this Agreement, any applicable Conditional Use Permit, or Subsequent City Approvals. Developer shall execute the indemnification agreement (“Indemnification Agreement”) attached hereto as Exhibit E.

Section 6.4. Failure to Indemnify; Waiver. Failure to indemnify City, when required by this Agreement, shall constitute a material breach of this Agreement and of any applicable Conditional Use Permit and Subsequent City Approvals, which shall entitle City to all remedies available under law, including, but not limited to, specific performance and damages. Failure to indemnify shall constitute grounds upon which City may rescind its approval of any applicable Conditional Use Permit. Developer’s failure to indemnify City shall be a waiver by Developer of any right to proceed with the Project, or any portion thereof, and a waiver of Developer's right to file a claim, action or proceeding against City or City’s Agents based on City’s rescission or revocation of any Conditional Use Permit, Subsequent City Approvals, or City’s failure to defend any claim, action, or proceeding based on Developer’s failure to indemnify City.

Section 6.5. Waiver of Damages. Notwithstanding anything in this Agreement to the contrary, the Parties acknowledge that City would not have entered into this Agreement had it been exposed to liability for damages from Developer and, therefore, Developer hereby waive all claims for damages against City for breach of this Agreement. Developer further acknowledge that under the Development Agreement Statute, land use approvals (including development agreements) must be approved by the City Council and that, under law, the City Council's discretion to vote in any particular way may not be constrained by contract. Developer therefore waive all claims for damages against City in the event that this Agreement or any Project approval is: (1) not approved by the City Council or (2) is approved by the City Council, but with new changes, amendments, conditions, or deletions to which Developer is opposed. Developer further acknowledge that, as an instrument which must be approved by ordinance, a development agreement is subject to referendum; and that, under law, the City Council's discretion to avoid a referendum by rescinding its approval of the underlying ordinance may not be constrained by contract, and Developer waive all claims for damages against City in this regard.

ARTICLE 7
MORTGAGEE PROTECTION

This Agreement, once executed and recorded, shall be superior and senior to any lien placed upon the Site or any portion thereof following recording of this Agreement, including the lien of any deed of trust or mortgage ("Mortgage"). Notwithstanding the foregoing, no breach hereof shall defeat, render invalid, diminish, or impair the lien of any Mortgage made in good faith and for value. This Agreement shall immediately be deemed in default and immediately terminate upon the foreclosure or transfer of any interest in the Site or Project, whether by operation of law or any other method of interest change or transfer, unless the City Manager has authorized such change or transfer in advance, in writing.

ARTICLE 8
DEFAULT

(a) Subject only to any extensions of time by mutual consent in writing, or as otherwise provided herein, the failure or delay by any Party to perform in accordance with the terms and provisions of this Agreement shall constitute a default. Any Party alleging a default or breach of this Agreement ("Charging Party") shall give the other Party ("Charged Party") not less than ten (10) calendar days written notice, which shall specify the nature of the alleged default and the manner in which the default may be cured. During any such ten (10) calendar day period, the Charged Party shall not be considered in default for purposes of termination of this Agreement or institution of legal proceedings for the breach of this Agreement.

(b) After expiration of the ten (10) calendar day period, if such default has not been cured or is not in the process of being diligently cured in the manner set forth in the notice, or if the breach cannot reasonably be cured within ten (10) calendar days, the Charging Party may, at its option, institute legal proceedings pursuant to this Agreement, give notice of its intent to terminate this Agreement pursuant to Government Code section 65868. In the event City is the Charging Party, City may, in its sole discretion, give notice, as required by law, to the Charged Party of its intent to revoke or rescind any operable Conditional Use Permit related to or concerning the Project.

(c) Prior to the Charging Party giving notice to the Charged Party of its intent to terminate, or prior to instituting legal proceedings, the matter shall be scheduled for consideration and review by City in the manner set forth in Government Code sections 65865, 65867, and 65868 within thirty (30) calendar days from the expiration of the ten (10) day notice period.

(d) Following consideration of the evidence presented and said review before City, and after providing the Charged Party an additional five (5) calendar day period to
cure, the Charging Party may institute legal proceedings against the Charged Party or may give written notice of termination of this Agreement to the Charged Party.

(e) Evidence of default may arise in the course of a regularly scheduled periodic review of this Agreement pursuant to Government Code section 65865.1, as set forth in Section 8.2. If any Party determines that another Party is in default following the completion of the normally scheduled periodic review, without reference to the procedures specified in Section 8.1(c), said Party may give written notice of termination of this Agreement, specifying in the notice the alleged nature of the default and potential actions to cure said default where appropriate. If the alleged default is not cured in ten (10) calendar days or within such longer period specified in the notice or the defaulting Party is not diligently pursuing a cure or if the breach cannot reasonably be cured within the period or the defaulting party waives its right to cure such alleged default, this Agreement may be terminated by the non-defaulting Party by giving written notice.

(f) In the event Developer is in default under the terms and conditions of this Agreement, no permit application shall be accepted by City nor will any permit be issued to Developer until the default is cured, or the Agreement is terminated.

Section 8.2. Annual Review. City shall, at least every twelve (12) months during the Term of this Agreement, review the extent of good faith, substantial compliance of Developer and City with the terms of this Agreement. Such periodic review by City shall be limited in scope to compliance with the terms of this Agreement pursuant to California Government Code section 65865.1. City shall deposit in the mail or fax to Developer a copy of all staff reports and, to the extent practical, related exhibits concerning this Agreement or the Project’s performance, at least seven (7) calendar days prior to such periodic review. Developer shall be entitled to appeal a determination of City or City Manager to the City Council. Any appeal must be filed within ten (10) calendar days of the decision of City or the City Manager, respectively. Developer shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before City, the City Manager, or City Council, as applicable. The reasonable cost for City's annual review of this Agreement shall be paid by Developer, not to exceed the actual costs incurred by City in connection with the review.

Section 8.3. Estoppel Certificates.

(a) City shall, with at least twenty (20) calendar days prior written notice, execute, acknowledge, and deliver to Developer, Developer's lender, potential investors, or assignees an Estoppel Certificate in writing which certifies that this Agreement is in full force and effect, that there are no breaches or defaults under the Agreement, and that the Agreement has not been modified or terminated and is enforceable in accordance with its terms and conditions.

(b) At Developer's option, City's failure to deliver such Estoppel Certificate within the stated time period shall be conclusive evidence that the Agreement is in full
force and effect, that there are no uncured breaches or defaults in Developer’s performance of the Agreement or violation of any City ordinances, regulations, and policies regulating the use and development of the Site or the Project subject to this Agreement.

Section 8.4. Default by City. In the event City does not accept, review, approve, or issue any permits or approvals in a timely fashion, as defined by this Agreement, or if City otherwise defaults under the terms of this Agreement, City agrees that Developer shall not be obligated to proceed with or complete the Project, and shall constitute grounds for termination or cancellation of this Agreement by Developer.

Section 8.5. Cumulative Remedies of Parties. In addition to any other rights or remedies, City or Developer may institute legal or equitable proceedings to cure, correct, or remedy any default, enforce any covenant, or enjoin any threatened or attempted violation of the provisions of this Agreement, so long as any such action conforms to section 9.1(c) of this Agreement.

Section 8.6. Enforced Delay, Extension of Times of Performance. Delays in performance, by either Party, shall not be deemed a default if such delays or defaults are due to war, insurrection, strikes, walkouts, riots, floods, earthquakes, fires, casualties, acts of God, governmental restrictions imposed where mandated by governmental entities other than City, enactment of conflicting state or federal laws or regulations, new or supplementary environmental regulations enacted by the state or federal government, litigation, or other force majeure events. An extension of time for such cause shall be in effect for the period of forced delay or longer, as may be mutually agreed upon.

Section 8.7. Appeals. Developer may appeal any adverse decision or action of City pursuant to Riverbank Municipal Chapter 99.

ARTICLE 9
TERMINATION

Section 9.1. Termination Upon Completion of Development. This Agreement shall terminate upon the expiration of the Term, unless it is terminated earlier pursuant to the terms of this Agreement. Upon termination of this Agreement, City shall record a notice of such termination in substantial conformance with the “Notice of Termination” attached hereto as Exhibit F, and this Agreement shall be of no further force or effect except as otherwise set forth in this Agreement.
Section 9.2. Effect of Termination on Developer’s Obligations. Termination of this Agreement shall eliminate any further obligation of Developer to comply with this Agreement, or some portion thereof, if such termination relates to only part of the Site or Project. Termination of this Agreement, in whole or in part, shall not, however, eliminate the rights of Developer to seek any applicable and available remedies or damages based upon acts or omissions occurring before termination.

Section 9.3. Effect of Termination on City’s Obligations. Termination of this Agreement shall eliminate any further obligation of City to comply with this Agreement, or some portion thereof. Termination of this Agreement shall not, however, eliminate the rights of City to seek any applicable and available remedies or damages based upon acts or omissions occurring before termination.

Section 9.4. Survival After Termination. The rights and obligations of the Parties set forth in this Section 9.4, Section 2.8, Section 6.3, Section 10.3, Section 10.4, Section 10.5, Section 10.7, and any right or obligation of the Parties in this Agreement which, by its express terms or nature and context is intended to survive termination of this Agreement, will survive any such termination.

ARTICLE 10
OTHER GENERAL PROVISIONS

Section 10.1. Assignment and Assumption. Developer shall not have the right to sell, assign, or transfer all or any part of its rights, title, and interests in all or a portion of Site, or Project, subject to or a part of this Agreement, to any person, firm, corporation, or entity during the Term of this Agreement without the advance written consent of the City Manager. This assignment prohibition applies to the corporate and business entities of Developer that are a Party to this Agreement. Any assignment or transfer prohibited by this Agreement will be considered an immediate breach of this Agreement and City may elect to immediately terminate this Agreement. If the City Manager approves an assignment or transfer of any interest detailed in this Section 10.1, City and Developer shall execute an “Assignment and Assumption Agreement” in the form attached hereto as Exhibit G.

Section 10.2. Covenants Running with the Land. All of the provisions contained in this Agreement shall be binding upon the Parties and their respective heirs, successors and assigns, representatives, lessees, and all other persons acquiring all or a portion of interest in the Site or Project, whether by operation of law or in any manner whatsoever. All of the provisions contained in this Agreement shall be enforceable as equitable servitudes and shall constitute covenants running with the land pursuant to California law, including California Civil Code Section 1468. Each covenant herein to act or refrain from acting is for the benefit of or a burden upon the Project, as appropriate, runs with the Site, and is binding upon Developer.
Section 10.3. Notices. Any notice or communication required hereunder between City and Developer must be in writing, and may be given either personally, by facsimile (with original forwarded by regular U.S. Mail), by registered or certified mail (return receipt requested), or by Federal Express, UPS or other similar couriers providing overnight delivery. If personally delivered, a notice shall be deemed to have been given when delivered to the Party to whom it is addressed. If given by facsimile transmission, a notice or communication shall be deemed to have been given and received upon actual physical receipt of the entire document by the receiving Party’s facsimile machine. Notices transmitted by facsimile after 5:00 p.m. on a normal business day, or on a Saturday, Sunday, or holiday shall be deemed to have been given and received on the next normal business day. If given by registered or certified mail, such notice or communication shall be deemed to have been given and received on the first to occur of (i) actual receipt by any of the addressees designated below as the party to whom notices are to be sent, or (ii) five (5) days after a registered or certified letter containing such notice, properly addressed, with postage prepaid, is deposited in the United States mail. If given by Federal Express or similar courier, a notice or communication shall be deemed to have been given and received on the date delivered, as shown on a receipt issued by the courier. Any Party hereto may at any time, by giving ten (10) days written notice to the other Party hereto, designate any other address in substitution of the address to which such notice or communication shall be given. Such notices or communications shall be given to the Parties at their addresses set forth below:

Section 10.4. Governing Law and Binding Arbitration. The validity, interpretation, and performance of this Agreement shall be controlled by and construed pursuant to the laws of the State of California. Any dispute, claim, or controversy arising out of or relating to this Agreement or the breach, termination, enforcement, interpretation, or validity thereof, including the determination of the scope or applicability of this Agreement to arbitrate, shall be determined by binding arbitration in Sacramento, California, before one arbitrator. The arbitration shall proceed pursuant to the Comprehensive Arbitration Rules and Proceedings of the Judicial Arbitration and Mediation Services. Judgment on the award may be entered in any court having jurisdiction thereof.

Section 10.5. Invalidity of Agreement / Severability. If this Agreement in its entirety is determined by a court to be invalid or unenforceable, this Agreement shall automatically terminate as of the date of final entry of judgment. If any term or provision of this Agreement shall be determined by a court to be invalid and unenforceable, or if any term or provision of this Agreement is rendered invalid or unenforceable according to the terms of any federal or state statute, any provisions that are not invalid or unenforceable shall continue in full force and effect and shall be construed to give effect to the intent of this Agreement. The Parties expressly agree that each Party is strictly prohibited from failing to perform any and all obligations under this Agreement on the basis that this Agreement is invalid, unenforceable, or illegal. By entering into this Agreement, each Party disclaims any right to tender an affirmative defense in any arbitration or court of competent jurisdiction, that performance under this Agreement is not required because the Agreement is invalid, unenforceable, or illegal.

Section 10.6. Cumulative Remedies. In addition to any other rights or remedies, City and Developer may institute legal or equitable proceedings to cure, correct, or remedy any default, to specifically enforce any covenant or agreement herein, or to enjoin any threatened or attempted violation of the provisions of this Agreement. The prevailing party in any such action shall be entitled to reasonable attorneys’ fees and costs. Notwithstanding the foregoing or any other provision of this Agreement, in the event of City default under this Agreement, Developer agree that Developer may not seek, and shall forever waive any right to, monetary damages against City, but excluding therefrom the right to recover any fees or charges paid by Developer in excess of those permitted hereunder.

Section 10.7. Third Party Legal Challenge. In the event any legal action or special proceeding is commenced by any person or entity challenging this Agreement or any associated entitlement, permit, or approval granted by City to Developer for the Project (collectively, “Project Litigation”), the Parties agree to cooperate with each other as set forth herein. City may elect to tender the defense of any lawsuit filed and related in whole or in part to Project Litigation with legal counsel selected by City. Developer will indemnify, hold City harmless from, and defend City from all costs and expenses incurred in the defense of such lawsuit, including, but not limited to, damages, attorneys’ fees, and expenses of litigation awarded to the prevailing party or parties in such litigation.
Developer shall pay all litigation fees to City, within thirty (30) days of receiving a written request and accounting of such fees and expenses, from City. Notwithstanding the aforementioned, City may request, and Developer will provide to City within seven (7) days of any such request, a deposit to cover City’s reasonably anticipated Project Litigation fees and costs.

Section 10.8. Constructive Notice and Acceptance. Every person who after the Effective Date and recording of this Agreement owns or acquires any right, title, or interest to any portion of the Site is and shall be conclusively deemed to have consented and agreed to every provision contained herein, whether or not any reference to this Agreement is contained in the instrument by which such person acquired an interest in the Site, and all rights and interests of such person in the Site shall be subject to the terms, requirements, and provisions of this Agreement.

Section 10.9. Statute of Limitations and Laches. City and Developer agree that each Party will undergo a change in position in detrimental reliance upon this Agreement from the time of its execution and subsequently. The Parties agree that section 65009(c)(1)(D) of the California Government Code, which provides for a ninety (90) day statute of limitations to challenge the adoption of this Agreement, is applicable to this Agreement. In addition, any person who may challenge the legality or validity of this Agreement is hereby put on notice that, should the legality or validity of this Agreement be challenged by any third party in litigation, which is filed and served more than ninety (90) days after the execution of this Agreement, City and Developer shall each assert the affirmative defense of laches with respect to such challenge, in addition to all other available defenses. This Section in no way limits the right of a Party, claiming that the other Party breached the terms of this Agreement, to bring a claim against the other Party within the four (4) year statute of limitations set forth in Section 337 of the California Civil Code.

Section 10.10. Change in State Regulations. In no event shall Developer operate the Project in violation of the Agreement, or State Cannabis Regulations, as many be amended from time to time.

Section 10.11. Standard Terms and Conditions.

(a) Venue. Venue for all legal proceedings shall be in the Superior Court of California in and for the County of Stanislaus.

(b) Waiver. A waiver by any Party of any breach of any term, covenant, or condition herein contained or a waiver of any right or remedy of such Party available hereunder, at law or in equity, shall not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition herein contained or of any continued or subsequent right to the same right or remedy. INDEMNITY AGREEMENT FOR LAND USE ENTITLEMENT PROCESSING

THIS INDEMNITY AGREEMENT FOR LAND USE ENTITLEMENT PROCESSING ("Agreement") is made and entered into on this ___ day of _______ 2019, ("Effective Date") by and between the City of Riverbank, a California municipal corporation ("City") and E & J Distributors LLC. DBA Canna+Rise ("Applicant"). City and Applicant may be referred to herein individually as a “Party” or collectively as the “Parties”. There are no other parties to this Agreement.

RECITALS

A. In 1996, the people of the state of California approved Proposition 215, the Compassionate Use Act of 1996 ("CUA"). The CUA enables seriously ill Californians to legally possess, use, and cultivate marijuana for medical use under state law. In 2003, the California Legislature adopted Senate Bill 420, entitled the Medical Marijuana Program ("MMP"), which authorizes qualified patients and their primary caregivers to cultivate marijuana for medical purposes without being subject to criminal prosecution under the California Penal Code.

B. On October 9, 2015, Governor Jerry Brown signed three bills into law (Assembly Bill 266, Assembly Bill 243, and Senate Bill 643) which are collectively referred to as the Medical Cannabis Regulation and Safety Act ("MCRSA"). MCRSA establishes a statewide regulatory system for the cultivation, processing, transportation, testing, manufacturing, and distribution of medical marijuana to qualified patients and their primary caregivers.

C. On November 8, 2016, California voters passed Proposition 64, the Adult Use of Marijuana Act ("AUMA"). AUMA legalizes the cultivation, commercial sale, and possession of recreational cannabis for adults age 21 and older.

D. On June 27, 2017, Governor Jerry Brown signed into law the Medicinal and Adult-Use Cannabis Regulation and Safety Act ("MAUCRSA"), which created a single regulatory scheme for both medicinal and adult-use cannabis businesses. MAUCRSA retains the provisions in the MCRSA and AUMA that granted local jurisdictions control over whether businesses engaged in commercial cannabis activity may operate in a particular jurisdiction.

E. Riverbank Municipal Code ("R.M.C.") chapter 120 authorizes cannabis businesses to operate within the City under specified restrictions pursuant to a Cannabis Pilot Program.
F. Applicant intends to improve, develop, and use real property to operate a cannabis dispensary business within the City (the “Project”) in strict compliance with MAUCRSA and R.M.C. chapter 120. Applicant must obtain certain land use entitlements including a Development Agreement and a conditional use permit (“Land Use Entitlements”) prior to initiating the Project.

G. Applicant has an agreement to purchase that certain real property located in the City of Riverbank, identified as Stanislaus County Assessor’s Parcel Number 075-020-016 (the “Property”), shown on Exhibit A attached hereto (“Property Description”).

H. As a condition of approval of the Land Use Entitlements, City has required Applicant to enter into this Agreement.

I. It is in the public interest for City and Applicant to enter into this Agreement, as Applicant will benefit from City’s processing of the Project.

J. Applicant desires to enter into this Agreement to fulfill a condition of approval of the Project, which is a prerequisite for construction of the Project.

AGREEMENT

NOW, THEREFORE, in consideration of the promises, covenants and agreements set forth below, the Parties agree as follows:

Section 1. Recitals. The recitals set forth above (“Recitals”) are true and correct and are hereby incorporated into and made part of this Agreement by this reference. In the event of any inconsistency between the Recitals and Sections 1 through 19 of this Agreement, Sections 1 through 19 shall prevail.

Section 2. Applicant’s Indemnification Obligations.

2.1. Indemnification for Land Use Entitlements. To the fullest extent permitted by law, Applicant shall indemnify, and hold harmless City and its agents, elected and appointed officials, officers, employees, and volunteers (collectively, “City’s Agents”) from any and all liability arising out of a claim, action, or proceeding against the City, or City’s Agents, to attack, set aside, void, or annul, an approval concerning the Land Use Entitlements by reason of the action or inaction of City, or City’s Agents. Applicant’s duty to indemnify and hold harmless shall not extend to any claim, action or proceeding arising from the gross negligence or willful misconduct of City, or City’s Agents.

Applicant’s obligations under this Agreement to indemnify City shall apply to any claim, lawsuit or challenge against City brought against the Project, specifically including, but not limited to, any...
2.2. **Tender of Defense.** Upon receiving notice of a claim and pursuant to Article 6 of the Land Use Entitlements, Applicant shall assume the defense of the claim, action, or proceeding through the prompt payment of all attorneys' fees and costs, incurred in good faith and in the exercise of reasonable discretion, of City’s counsel in defending such an action. Regardless of whether Applicant chooses to defend City pursuant to Section 6.4 of the Land Use Entitlements, City shall have the absolute and sole authority to control the litigation and make litigation decisions, including, but not limited to, selecting counsel to defend City and settlement or other disposition of the matter.

2.3. **Deposit for Costs.** Applicant shall make a refundable deposit to the City within thirty (30) days of written notification from the City ("Cost Deposit"), to cover the estimated fees and costs associated with the City’s defense of any claim, action or proceeding. Applicant shall make any and all additional payments to City to replenish the Cost Deposit within thirty (30) days of written notice from City.

2.4. **Failure to Indemnify; Waiver.** Failure to indemnify City, when required by this Agreement, shall constitute a material breach of this Agreement and of the Land Use Entitlements, which shall entitle City to all remedies available under law including, but not limited to, specific performance and damages. Failure to indemnify shall constitute grounds upon which City may rescind its approval of the Land Use Entitlements. Applicant’s failure to indemnify City shall be a waiver by Applicant of any right to proceed with the Project, or any portion thereof, and a waiver of Applicant’s right to file a claim, action or proceeding against City or City’s Agents based on City’s rescission or revocation of the Land Use Entitlements, or City’s failure to defend any claim, action or proceeding based on Applicant’s failure to indemnify City.

2.5. **Satisfaction of Judgment.** With respect to any claims, demands, acts, causes of action, damages, costs, expenses, settlements, losses or liabilities which Applicant has indemnified City against, Applicant shall pay and satisfy any judgment, award, settlement or decree that may be rendered or agreed against City and City’s Agents arising out of any final, non-appealable judicial or administrative action.

2.6. **Payment of Costs and Fees.** Applicant’s obligations under this Agreement to defend and indemnify City shall include, but not be limited to, payment of all court costs and attorneys' fees, all litigation-related costs, all costs of any judgments or awards against City, or all settlement costs which arise out of City’s processing or approval of the Project.

2.7. **Continuing Obligation.** Applicant shall be and remain personally obligated to all of the terms of this Agreement, notwithstanding any attempt to assign, delegate or otherwise
transfer all or any of the rights or obligations of this Agreement, and notwithstanding a change in or transfer of Developership of the real property upon which the Project is located (or any interest therein). However, Applicant may be released from such obligations if Applicant obtains City’s prior written consent to such transfer, which consent shall not be unreasonably withheld.

Section 3. **City’s Obligations.** City shall notify Applicant of any claim, action or proceeding within ten (10) business days of receiving service of any claim, action or proceeding. If City fails to notify Applicant of any claim, action, or proceeding, Applicant shall not, thereafter, be responsible to defend, indemnify, or hold harmless City. City shall have and retain, in its sole discretion, the right to not participate in the defense of any claim, action, or proceeding. At its sole discretion, the City may participate at its own expense in the defense, but such participation shall not relieve Applicant of any obligation imposed by this Agreement.

Section 4. **Notice.** Any notice or communication required hereunder between City and Applicant must be in writing and may be given either personally, by facsimile (with original forwarded by regular U.S. Mail), by registered or certified mail (return receipt requested), or by Federal Express, UPS or other similar couriers providing overnight delivery. If personally delivered, a notice shall be deemed to have been given when delivered to the Party to whom it is addressed. If given by facsimile transmission, a notice or communication shall be deemed to have been given and received upon actual physical receipt of the entire document by the receiving Party’s facsimile machine. Notices transmitted by facsimile after 5:00 p.m. on a normal business day, or on a Saturday, Sunday or holiday, shall be deemed to have been given and received on the next normal business day. Subject:  Consideration of a Resolution Approving the Waiver of System Development Fees for the St. Francis of Rome Office Building Project Located At 2818 Topeka Street

RECOMMENDATION

It is recommended that the City Council listen to the presentation and consider the petition from St. Frances of Rome Church to waive payment of their System Development Fees which will be assessed on the construction of a single-story office building.

SUMMARY

St. Frances of Rome Church submitted a written request (Attachment 2) to waive payment of their System Development Fees, which will be assessed on the construction of a single-story 1,920 square foot office building when they are issued their building permit. Staff does not have the authority to waive these fees so the request has been brought forward to the City Council for consideration. After initial review of the request, and review of the municipal code section which sets forth the criteria by which these fees are assessed, staff requested that St. Frances provide additional justification and detail regarding their request. That information is attached for reference (Attachment 3).

BACKGROUND

The City currently collects System Development Fees at building permit issuance to defray the impact of new development as authorized by Government Code §66000-66025. The City’s System Development Fee program is codified in §150.30 titled “System Development Fees” which establishes the authority for imposing and charging the fees.
System Development Fees are collected in order to:

1) To provide an adequate and constant method for the financing of the unfunded portion of need systems development costs throughout the city, reasonably related to projected community growth.
2) To promote the orderly and efficient expansion of public improvements to adequately meet the domestic and economic needs of the community and to minimize adverse fiscal and environmental impacts of new development.
3) To ensure the continuation of necessary services including, but not limited to, police and general administrative services.
4) To establish equitable methods for minimizing public facility and service costs to the city associated with new development.

As defined within Riverbank’s municipal code, System Development Fees are charged to new construction, including the expansion of and/or the addition to an existing, nonresidential structure, to mitigate the unfunded portion of the determined impact of the development.

On March 18, 2019, the City received a request from St. Frances of Rome Church to waive their System Development Fees for their office building project. This project will be assessed the following estimated System Development Fees for the project on their building permits:

This proposed waiver of system development fees, paid at building permit issuance, would include the Streets/Public Works fee, Water fee, Waste Water fee, Storm Drain fee, Police/General Government fee, and 5% Administrative Fee for a total of $28,051.20. This waiver would apply only to Riverbank’s System Development Fees and not any plan check fees, building permit fees, or inspection fees. It does not include any fees imposed by any other agency such as Stanislaus County, the fire district, or a school district. St. Frances of Rome Church has the ability to negotiate with these other agencies to waive or defer their fees.
St. Frances of Rome Church currently has two (2) Deferred Improvement Agreements with the City. These agreements will need to be satisfied when work begins on the proposed Caltrans/Riverbank project on Callander Avenue:

1. Topeka Street frontage improvements (curb, gutter, and sidewalk, from 2000).

ANALYSIS

ST. Frances Justification
St. Frances of Rome initially requested a fee waiver based on the following reasons:

1) The Church is a nonprofit. While they have collected enough to construct the building, they have not been able to raise the additional funding needed to cover system development fees, plan checking fees, building permit fees, and inspection fees. They are requesting a full waiver of their system development fees but a partial waiver would help them if they are denied the full waiver.

2) They serve anyone in need. During the last couple of years, many affluent parishioners have migrated to and are giving their tithes to other nearby churches. Fifty percent of the remaining parishioners are in poverty; many are struggling with English as a second language.

After review of the request, staff asked that St. Frances of Rome include additional information as it directly relates to the municipal code section that authorizes the assessment of these fees. St. Frances of Rome replied with some addition justification for consideration.

1. The Church indicates that while the new building will connect into City infrastructure they “do not anticipate any additional burdens on the general systems”. The email (attached) indicates that their staff includes two full time priests, two deacons, two full time office staff and three part time office staff. The in-office staff is currently housed in a small 250 square foot area. The new building will allow for individual offices for the priests as well as shared office space for the deacons. The correspondence indicates that the church has no plans for the increase in staff.

2. The Church further indicates that the impact to the core services (water, sewer, traffic, storm) would be minimal and nonexistent in some cases due to the fact that the building is being built to accommodate existing needs and not expanded use.

Staff Analysis of Justification

1. Code Basis: the Riverbank Municipal code states “System Development Fees are intended to represent new impacts on city facilities. The City Council has the ability to allow for fee credits of certain fee categories to match actual project related impacts on facilities. Reductions should always be supported by written evidence
which illustrates the project demands on City Infrastructure for a given project. This might include using actual vehicle trip data to suggest a lower transportation impact fee or actual flow data to lower water, sewer or storm drainage fees.” The code then states that staff will review for recommendation to City Council.

2. The applicant in this case did not provide any specific data relating specific impacts (or lack thereof) of each impact fee section (flow, vehicle trips etc). Rather, the church explained practically that the building is not being constructed for expansion of use but to facilitate uses that already exist in the current structures. While this may be true currently, an objective review would be concerned about whether this is going to remain the case far into the future. For water and wastewater the connections to services (and associated fees) serve as the initial entry point into the systems and thus have some impact depending on frequency of use.

3. The largest fees related to this new structure are the storm and traffic fees. There could be an argument that since this area has been paved parking surface for many years that there is no new impact to the storm system because the current runoff deposits into the City system already. However it is believe that storm runoff on this property was handled through a dry well and not through the City system so use of the City system would constitute a new impact. With regard to traffic, without knowing possible future uses of the building relating to any future growth of the congregation it is very difficult to pinpoint traffic impacts.

Ultimately, if Council chooses to waive fees, the Council will need to make the finding that it agrees with the justification provided by the Catholic Church. If an alternative to waiver is the desire of the Council, the Council could consider a deferral agreement which would allow for those costs to be paid at a later date with an associated reasonable rate of interest.

The applicant has also requested waiver of the actual application fees for building/planning permits. Staff would not recommend waiver of these fees as they are designed to directly offset the work that staff puts in to reviewing and processing the application.

FINANCIAL IMPACT

The System Development Fee program is designed as a mechanism to collect impact fees to build infrastructure necessary to support new growth City-wide. Careful evaluation of each proposed project is necessary to understand potential funding shortfalls which might be created as a result of granting waiver requests. In the case presented above, waiving all system development fees could result in a negative financial impact of $28,051.20 to the City.

STRATEGIC PLAN

This item is indirectly related to the City’s Strategic Plan through fee program updates.

Dear Ms. Kenny:

As you know St Frances of Rome has been pursuing the construction of a new building. I was speaking to Mayor Richard O’Brian and Sean Scully recently on behalf of Fr. Misael about fees associated with the building. The Mayor indicated that St Frances of Rome could apply for a waiver of fees related to the construction of this new building.

Therefore, St Frances of Rome Catholic Church is requesting a waiver of any and all possible fees related to the permitting and construction of the building.

Thank you for your assistance relating to this matter. If you have any questions, comments, or are in need of further information, please let us know.

Yours Truly,

Sean: Hello. We hope you had a blessed Easter celebration.

04/22/2019

To: Sean Scully, Riverbank City Manager

My apology for the incomplete initial request for building fee waivers, we were unaware that the City would need such information. In response to your request for the justification of fees, we offer the following additional information.

Although we will be connecting to the City infrastructure we do not anticipate any additional burdens on the general systems. As you are aware we are one of four Catholic Churches in the area of Riverbank, Oakdale, Escalon, and North East Modesto. In Riverbank we serve the spiritual needs of a predominantly Spanish speaking community with limited means.

Our current staff includes two full time priests, two deacons, two full time office staff and three part time office staff all juggling within tight quarters. The two priests and deacons do not have space allocated to them, when they need to meet with families they use one of the classrooms. The staff stagger their office times because of the limited space we currently have for this purpose. Our current office space is approximately 250 square feet and it is used by all staff! The plan for the new office space is to facilitate a less chaotic work environment. We have no plans for increasing staff, frankly we could not afford them. In the new building we are allowing the priests to each have their own offices and the deacons will share an office. We are not planning on increasing work hours for the three part time staff. The existing office will be used by one of the full time staff members who oversees religious education for the children.

Therefore, the anticipated additional burden to the City infrastructure is zero or at the most very minimal. Though there might be some minor additional water needs for exterior landscaping that may be required by building code, we are planning on using drought resistant plants that have minimal needs. There should be no impact on the waste water system for two main reasons; we are building on an existing paved area, no new drains will be necessary other than as required by the building codes and again, we are not adding personnel. The fact that we are not adding personnel is the main justification for our request for fee waivers: more water will not be required and there should be no additional burden to the sewer system. We are not building to accommodate anticipated visits by the community for Church services, so there would be no additional impact from traffic on the streets. The building has no impact on Parks and Recreation.
Justification requested to waive each of the subsections of fees listed below.

Subject: 2018 General Plan and Housing Element Annual Progress Reports. A Resolution Adopting the 2018 General Plan and Housing Element Annual Progress Reports (APRs) as well as authorizing Staff to submit said Reports to the California Office of Planning and Research and California Department of Housing and Community Development

From: Sean Scully, City Manager

Submitted by: Donna M. Kenney, Planning and Building Manager

RECOMMENDATION

Staff recommends approval of the City’s 2018 General Plan and Housing Element Annual Progress Reports (APR) and to authorize Staff to submit said reports to the California Office of Planning and Research (OPR) and California Department of Housing and Community Development (HCD).

SUMMARY

Section 65400(a)(2) of the Government Code requires each jurisdiction to prepare and submit an annual progress report on its General Plan by April 1 of each year. The annual report is required to contain the following: status of the City’s General Plan and progress in its implementation, progress in meeting the City’s regional housing need, and any actions taken by the City toward completion of Programs identified in the City’s Housing Element.

This report is required to be reviewed and considered by the City’s legislative body (City Council), and subsequently submitted to the California Office of Planning and Research, and the California Department of Housing and Community Development. The annual report does not require approval by these State Agencies.

The 2018 General Plan and Housing Element APRs are attached to this Staff Report as Attachment 2, Exhibits A and B. The purpose of these documents is to:
1) Remain compliant with Government Code Section 65400(a)(2) and Housing Element Law;
2) To update City Council on housing development and implementation of general plan programs, including the Housing Element; and
3) Ensure eligibility for State grant funding, such as the Housing-Related Parks Program.

For the City to be eligible for State funding for a variety of housing and park grants, the State typically requires the City’s Housing Element to be in compliance with State Housing Law (certified) and for the City to make Annual Progress Reports OPR and HCD annually (by April 1 of each year). The City’s 2014-2023 Housing Element was adopted in February, 2016 and received State certification in December, 2015. The proposed Annual Progress Reports ensure that the City will remain up-to-date in regards to the requirements imposed by future grant opportunities.

Grants that the City might pursue include:

- **Home Investment Partnership Program** – Provides decent and affordable housing, particularly for low- and very low-income households. Approximately $26 million in federal funds for the HOME Program.
- **Community Development Block Grant** – Funds local community development activities such as affordable housing, anti-poverty programs, and infrastructure development. In Fiscal Year 2017, the largest categories of CDBG spending were public infrastructure (36%) and housing (24.7%).

A variety of other grant programs intended to improve communities, provide access to housing and rental/mortgage relief is available for the City to pursue.

In the 2018 Annual General Plan Report, progress was made on the following:

1) LAND-3 – Grants
2) LAND-5 – Zoning Amendments
3) ED-4 – Job Training Program

**Progress Towards RHNA Goals**

The RHNA table for the current Housing Cycle has been updated to reflect progress made towards the City’s RHNA goal, and is presented in the Attachment to this Staff Report. In Summary the City has completed:

- Ten (10) percent of the Very Low Income goal;
- Fourteen (14) percent of the Low Income goal;
- Zero (0) percent of the Moderate Income goal; and
- Twenty (20) percent of the Above Moderate Income goal
New Home Construction

The City of Riverbank issued building permits for forty (40) above moderate residential units in 2018, all of which were single-family residences. The majority of the building permits were issued in East Riverbank (Diamond Bar West and Elmwood Estates). No building permits were issued for very low-, low-, and/or moderate-income categories.

PLANNING COMMISSION

A presentation on the 2018 General Plan and Housing Element Annual Progress Reports was presented to the Planning Commission at their regular meeting of April 16, 2019.

CHAPTER 2 – IMPLEMENTATION OF THE GENERAL PLAN  

CHAPTER 3 – ANNUAL PROGRESS REPORT ON IMPLEMENTATION OF THE HOUSING ELEMENT  

EXHIBIT A: GENERAL PLAN ANNUAL IMPLEMENTATION REPORT  

EXHIBIT B: HOUSING ELEMENT ANNUAL PROGRESS REPORT
CHAPTER 1 – INTRODUCTION AND SUMMARY

A. PURPOSE OF THE ANNUAL PROGRESS REPORT

Section 65400 of the California Government Code requires the City to file an annual report addressing the status of the General Plan and progress made toward implementing its goals and policies. The progress report must be submitted to the Governor’s Office of Planning and Research (OPR) and the Housing and Community Development Department (HCD). The annual progress report provides a means to monitor the success of implementing the General Plan and determine if changes are needed in the plan or its implementation programs.

B. PURPOSE OF THE GENERAL PLAN

The General Plan is mandated by California Government Code Section 65300, which requires each city and county to adopt a general plan for the physical development of the jurisdiction. The Riverbank General Plan establishes a vision for the City’s long-term growth and enhancement and provides strategies and implementing actions to achieve this vision. The Plan also conveys to City departments, other agencies, and private developers the community goals and policies, and establishes a basis for determining if development proposals and public projects are consistent. The Plan provides for establishing and prioritizing detailed plans and implementation programs.

C. STATUS OF THE ADOPTED ELEMENTS OF THE RIVERBANK GENERAL PLAN

State law requires that general plans include seven elements which must cover the following topics: Land Use, Circulation, Housing, Safety, Noise, Conservation, and Open Space. Elements for other topics of local concern may also be included. The Riverbank General Plan includes four optional elements: Community Character and Design, Economic Development, Public Services and Facilities and Air Quality. Except for the Housing Element, all elements of the Riverbank general Plan were adopted as a single document on April 22, 2009. State requirements for housing elements are more detailed and specific than for the other general plan elements. Housing elements are updated every eight years according to a schedule set by the State. For these reasons the Riverbank Housing Element is contained in a separate document which was adopted by the City Council February 23, 2016 and certified by the State HCD on December 30, 2015. The Housing Element covers the eight year period from 2015 to 2023. Other elements may be updated less frequently and typically have a 20-year horizon.

The correspondence between State mandated elements and the Riverbank General Plan is illustrated in the table below.
