

INFORMATION FOR FILING A COMPLETE APPLICATION FOR A GENERAL PLAN AMENDMENT

There may be certain conditions imposed by the City of Riverbank for your application that are not established by the City of Riverbank City Code, which can relate to the aesthetics of your project (ie: block wall, colors, materials, trash enclosures, etc.) and other criteria. These conditions shall be implemented and interpreted at the discretion of the Development Services Director. This may create costs to your project which are not clearly identified.

Each application must contain the following information, unless specifically waived by the Planning Director. Incomplete applications will not be processed or considered by the Planning Commission or City Council. The information described below is generic to all General Plan Amendment applications. Some specialized applications or projects may require additional information. Please consult with the Development Services Department before submitting an application.
