DESIGN TEMPLATE SAMPLE

This is a sample of a typical utility box diagram representing the four sides and top. Prepare a sketch of the images as it would be painted on all sides of the box. Unique colors and bold graphics work well, along with bright images that can be seen from a distance. Avoid the use of dark colors over large areas, as this may cause the utility box to absorb heat and damage equipment. Detailed artwork of how it will appear on **EACH SIDE may be submitted on 8.5 x 11" paper, up to 11" x 17"**; a side number may be indicated on the back. Actual utility boxes vary in size, shape and have various vents, seams, doors, and handles. Be prepared to adjust artwork to fit a unique utility box. You may submit up to two (2) samples.
