Electronic
Waste

Stanislaus County Department of Environmental Resources

This program is a joint effort by the Stanislaus County Department of Environmental Resources and the Cities and County Board of Supervisors.

(209) 525-6789

REDUCE • REUSE • RECYCLE

Only Rain Down the Drain!

Many household hazardous products, such as oven cleaners, paint removers, bug killers, solvents, and drain cleaners, found in homes contain chemicals that are potentially harmful to both people and the environment. Disposal of these products requires special attention. Household hazardous products should never be poured on the ground, into gutters, or down storm drains. Everything that goes into our storm drains makes its way straight to our rivers and streams and eventually finds their way to where we fish, what we drink and where we swim. Storm water pollution is our biggest source of water pollution.

**It All Adds Up.
It All Comes Back.
You Are The Solution To
The Pollution.**

When and Where to Dispose Household Hazardous Waste
