SPEED MONITORING AWARENESS RADAR TRAILER (SMART)

REQUEST FORM

A speed-monitoring trailer is a portable device that displays a passing driver's speed as well as the posted speed limit. The intent is to alert drivers of their speed compared to the speed limit, and thereby improve compliance. The City has one Speed Monitoring Awareness Radar Trailer (SMART) unit that which is available for placement by the City at the request of local residents.

If the City receives high volumes of requests the placement will occur in the order in which the request is received. If you would like to request the speed-monitoring trailer to be placed on your street, please complete the form below.
